IBA

Vienna information (Code & Description)

26.4.1	Squares
26.4.4	Other irregular parallelograms, trapezia and quadrilaterals, quadrilaterals containing one or more rounded corners
26.4.9	Several quadrilaterals juxtaposed, joined or intersecting
A 26.4.18	Quadrilaterals containing one or more letters
A 26.4.24	Quadrilaterals with dark surfaces or parts of surfaces

Goods (Nice class & Statement)

(1) Process monitoring, quality data acquisition, machine condition monitoring, mill chatter monitoring and portable measurement systems in the field of industrial machinery and automation thereof, comprised of both computer hardware and computer software for operating the system; computer software for use in process data acquisition and measurement in the field of industrial machinery and automation thereof; computer software for the display and analysis of quality relevant data in the field of industrial machinery and automation thereof; data recorders for use in transcribing data from electronic interfaces to a fixed storage device; computer hardware, computer software programs used to operate and control measuring-technology-system hardware, and for the recording, long-term storage and analysis of quality related data in the field of industrial machinery and automation thereof; computer data storage units, namely, hard drives and redundant arrays of inexpensive disks (RAID) for redundant storage; desktop computers, portable computers and card interfaces, namely hard disks and network storage systems; computer server redundant arrays of inexpensive disks (RAID) for redundant storage; interface boards and signal acquisition and signal measurement units namely A/D converter units; analog signal conditioners and mixed signal (analog/digital) devices; communications cards, namely, proprietary serial communication controllers; fiber optic cabling; fiber optic patch cords; and analog signal terminal blocks.

Services (Nice class & Statement)

Classification data

Disclaimer

The classification data is provided for information and searching purposes only. CIPO does not warrant the accuracy of the classes assigned to the trademark. This data has no legal value of any kind.

Claims

Priority Filing Date:
September 24, 1998,
Country or Office:

(1) Custom manufacture of industrial process monitoring systems, of quality data acquisition systems, of machine condition monitoring systems and of portable measurement systems, namely, industrial data acquisition systems; custom manufacture of computer hardware for recording data and for the long term storage and analysis of data, namely, computerized data acquisition systems; and custom manufacture of communications expansion board cards; custom design of industrial process monitoring, quality data acquisition, machine condition

GERMANY, Application No. 398 54 807.2/09 in association with the same kind of goods and in association with the same kind of services
 monitoring, and portable measurement systems, namely, industrial data acquisition systems; programming data processing systems in the nature of computerized data acquisition systems for others; consultation and engineering services, namely providing technical analysis in connection with process monitoring, quality data acquisition, machine condition monitoring, and portable measurement systems, namely industrial data acquisition systems; custom design of devices for recording data and for the long term storage and analysis of data, namely industrial data acquisition systems; custom design of communications expansion board cards.

Used in GERMANY 9 - Electrical, scientific and teaching apparatus and software
 Registered in or for 40 - Treatment of materials
 GERMANY 42 - Computer and scientific
 on December 15, 1998, under No. 398 54 807
