**Goods (Nice class & Statement)**

7 (1) Metal cutting machines; machine operated platforms  
capable of elevation above ground level and used for  
storage; material handling machines, namely, palletizers,  
case elevators, automatic pallet dispensing machines and  
automatic slip sheet dispensing machines; milling  
machines and grinding machines for the treatment of  
ceramics and metal; molds for ceramic industry; ceramic  
cutting machines; milling machines; dies for use with  
machine tools for ceramic industry; ceramic glazing  
machines; decorating machines for ceramic industry;  
profiling machines, fettling machines, rim treatment  
machines; automatic stamping machines; casting  
machines; presses for ceramic industry; dies for use with  
machine tools for ceramic industry; industrial machine  
presses; printing presses; stamping presses; printing  
presses for ceramic material; machines for the production  
of tiles, white ware and refractory materials; power  
operated folding machines for plastic and ceramic  
materials; slitting machines, polishing machines for use in  
grinding and polishing metal, wood, ceramics and plastics;  
machines for extruding plastic and ceramic materials;  
compression molding presses; machines for automatically  
sorting tiles; injection plastic moulding machines; plastic  
cutting machines; plastic shaping machines, presses for  
cold forging; forming machines; presses for molding  
extruders and plastic molding machines; injection systems  
for pet pre-form production; molds for plastic industry;  
presses for plastic industry; dies for use with machine  
tools for plastic industry; filling machines, blowers; sealing  
machines; lining machines for crown caps and aluminum  
screw caps; presses for beverage industry; compression  
molding machines; dies for use with machine tools for  
beverage industry; machines for producing plastic  
containers and/or bottles; machines for producing of  
preform of plastic containers; machines for producing of  
container caps; lining machines for plastic caps; machines  
for injection molding; sealing machines; molds for  
packaging industry; presses for packaging industry;  
scoring machines; compression molding machines; dies  
for use with machine tools for packaging industry; label  
printing machines; automatic industrial labelling machines  
for applying labels to containers and bottles; packaging

machines, namely liquid container fillers; sealing machines; lining machines for crown caps and aluminum screw caps; presses for packaging industry; scoring machines; automated wrapper in-feed machines; industrial labelling machines; bottling machines; machines for quality control in the production and in packaging, automatic hydraulic presses for the cookware industry; mills, crushers, pre refiner machines, refiner machines, homogenizers, breakers, mixers, pulverizing machines, reactors sieving machines, vibrating conveyors, fat dissolver, modeler machines, filler machines, vibration groups, demoulder, dosing machines for manufacturing and processing food, presser machines for ingredients, sprinkler machines for liquids, manipulator machines, paper wrapping machines, conveyor-belt machines, lamination machines of alimentary products, extroller of powder; molds for manufacturing and processing food; presses for manufacturing and processing food; aseptic food processing machines; industrial machines for extraction and concentration of fruit and vegetable juice; industrial machines for mixing confectioneries; engines for machine operations.

9 (2) Computer software and hardware namely, factory automation software and hardware for integrating manufacturing machine operations, tracking problems and generating production reports; computer software to control industrial machines namely, presses and industrial process control software; cash registers, calculating machines, computers, software and hardware for ceramic industry machines, for plastic industry machines, for beverage industry machines, for packaging industry machines, for manufacturing and processing food machines; optical and non-optical inspection equipment for analyzing defects on surfaces of plastic and metallic products, equipment for analysis and inspection of food and beverages.

11 (3) Furnaces for ceramic industry; kilns for industrial purposes; tempering machines, cooling machines for the industry of food, refrigerating machine; industrial dryers for heating and dehumidifying, desiccating apparatus for industrial use namely, driers and spray-driers; water filtering and purification units for industrial use; steam heating apparatus for industrial purposes namely, valves and radiator traps, strainers and pumps; air filters for industrial use; air purifying units; electric vaporizers, steam generators, lamps, electric light fixtures, ice machines; sanitary ware namely, bath tubs, whirlpools, spas, hot tubs, shower cabins/stalls, sinks/bowls, water closets, toilets, bidets, laundry tubs, bar sinks, kitchen sinks, basins, shower stalls, tub showers, urinals.

19 (4) Tiles; roof tiles; bricks; refractory bricks.

20 (5) Sanitary ware namely, bath bars; food and beverage plastic containers for packaging, plastic medication containers, plastic containers for the storage and transportation of goods, plastic containers for the storage and transportation of liquids, portable general-purpose storage containers; bottle caps, plastic medication container lids, caps for plastic containers for the storage and transportation of goods, caps for plastic containers for

- the storage and transportation of liquids, portable general-purpose storage container lids; sport caps.
- 21 (6) Sanitary ware namely, bath caddies; porcelain and earthenware; tableware, namely, drinking glasses, dishes, plates, salad bowls, dish covers, decanters, basins, beer mugs, jugs, pitchers, tea cups, bowls, jars, soup plates, dessert plates, saucers, cups, non-electric coffee and tea pots, sugar bowls, milk pots; beverage and food container lids.

### **Services (Nice class & Statement)**

- 35 (1) Business management; business administration; sale of industrial machines for the industry of food and beverage, for ceramic industry, for plastic industry, for industry of packaging; sale of thermoforming machines, packaging machines, wrapping machines and of machines for manufacturing and processing food.
- 37 (2) Building construction; repair; installation services of industrial machines for the industry of food and beverage, for ceramic industry, for plastic industry, for industry of packaging; installation services of thermoforming machines, packaging machines, wrapping machines and of machines for manufacturing and processing food; construction, repair and installation of presses, of machinery and of furnaces; machinery, presses and furnaces maintenance and repair, machinery retrofit and conversion services for third parties.
- 42 (3) Scientific and technological services and research and design relating thereto; industrial analysis and research services in machinery construction; engineering project studies, and consultation services relating to construction, namely design and testing for new products development, product development and research, product safety testing, technical consultation in the machinery construction, technological supervision and inspection in the product quality control, testing and research on machines, apparatus and instruments; design and development of computer hardware and software; engineering project studies, and consultation services relating to construction, namely design and testing for new products development, product development and research, product safety testing, technical consultation in the machinery construction, technological supervision and inspection in the product quality control, testing and research on machines, apparatus and instruments, for third parties.
