Services (Nice class & Statement)

Classification data (1) Service is for the examination, prescribed treatment, and preventative health care of critically ill patients and their families. The service, in cooperation with practising physicians, utilizes current clinical medical examination procedures in combination with specific genomic testing procedures for improved disease identification, treatment protocols, and recommended preventative health care.

Disclaimer The classification data is provided for information and searching purposes only. CIPO does not warrant the accuracy of the classes assigned to the trademark. This data has no legal value of any kind.

Claims 44 - Medical and veterinary, beauty, agricultural and forestry

Proposed Use in CANADA
