Goods (Nice class & Statement)

9 (1) Mechanisms for coin-operated apparatus and parts and fittings for all aforesaid goods; cash registers, calculators, and parts and fittings of the aforesaid good; data processing equipment, namely external disc arrays, routers and switchboards, word processors, electronic display units and data terminals for land vehicles, vehicle drive training simulators, gunnery and combat simulators, live training simulators, system-integrated training simulators, missiles, bombers, ballistic weapons, cannons, rockets, machine guns, self-propelled weapons, self-propelled guns, howitzers, rocket launchers, chemical weapons, firearms, bombs, air launched ballistic missile interceptor and ground-based missile interceptor system consisting of a guided missile with electro-optic sensors and adjustable steering fins for tracking and destroying incoming enemy rockets, missiles, artillery, and mortar and weapon systems consisting of one or more weapons in the nature of guns, missiles, cannons, rockets, firearms, machine guns, mortar firearms and means for loading the weapons, namely, remote-controlled weapon mounts, and parts and fittings of all aforesaid goods; computers; computer software namely, software for simulation applications for military and civil use as well as software for controlling vehicles and weapons, computer software for real-time synthetic visualisation computers for use in multi-dimensional visualization and simulation for commercial and military applications, computer software for the control and monitoring of vehicles, and parts of vehicles and movements of vehicles and for the calculation, production and display of vehicle movements, software for collection, storage, analysis, management, preparation, display and transmission of data, namely vehicle data, weapon data, disfunction data and documentations, software for material maintenance, spare parts storage, logistics, maintenance, remote maintenance, diagnostics, servicing and repair, in particular of vehicles, weapons, technical apparatus and equipment namely, armament systems, artillery, and parts and fittings of all aforesaid goods; fire extinguishers, and parts and fittings of the aforesaid good; computer peripheral devices, namely, monitors, keyboards, mice, printers, flat panel electroluminescent display screens, digitizers and scanners, and parts and fittings of all aforesaid goods; training simulators for weapons and vehicles, namely, vehicle drive training simulators, gunnery and combat simulators, live training simulators, maintenance simulators, system-integrated training simulators, and parts and fittings of all aforesaid goods; electric and electronic control, communication,

surveillance apparatus, namely on-board vehicle management systems comprised of an on-board computer, wireless communication modules, programmable digital assistant and mobile computers, electric control panels, radars, satellite transmitters and receivers, video monitors, video cameras for military vehicles, weapons and weapon systems parts and fittings of all aforesaid goods; bullet-proof vests, and parts and fittings of the aforesaid good; life saving apparatus and equipment, namely mine safe seats for mining, mine safe foot rests for mining, safe mountings for mining, safe door locking for mining, damping devices for seats, namely fluid damper, mass damper, spring damper, air spring damper, hydropneumatics damper, shock absorber, nuclear biologic chemical (NBC) protections, spall liners, chemical exposure protective clothing, chemical exposure protective footwear, dust protective masks, fire protective clothing, fire protective footwear, protective suits for aviators, radiation protective clothing, life jackets, life-buoys, and parts and fittings of all aforesaid goods; protective helmets, namely military combat protective helmets, safety helmets, soldier's helmets, crash helmets, diving helmets, soldier's helmets, protective helmets for motorists, protective helmets for sports, and parts and fittings of all aforesaid goods; protective masks for military use, and parts and fittings of the aforesaid good; data processing programs for the detection of fire solutions for weapons and weapon systems, and parts and fittings of the aforesaid good; electric, electronic or magnetic mine clearing devices, and parts and fittings of all aforesaid goods; communication devices, namely, wireless telephones, satellite telephones and radio transmitters and receivers for communication between vehicles, and parts and fittings of all aforesaid goods; digital geographic maps, and parts and fittings of the aforesaid good; land navigation systems, namely, vehicle navigation computers and navigation apparatus for vehicles in the form of on-board computers, and parts and fittings of all aforesaid goods; man-machine interfaces, namely, intermediate devices in the nature of video display terminals, computer terminals, computer monitors, computer screens, computer servers and computer touchscreens for communication between man and machine, and parts and fittings of all aforesaid goods; apparatus and instruments for simulation and training purposes, namely, combat simulators, driving simulators and training simulators for training people in handling weapons systems and military vehicles, virtual reality software for simulating military operations, and parts and fittings of all aforesaid goods; telescopes, and parts and fittings of all aforesaid goods; periscopes and angle mirrors, and parts and fittings of the aforesaid goods; target telescopes, and parts and fittings of the aforesaid good; radar equipment, and parts and fittings of the aforesaid good

12

(2) Vehicles, namely, ambulance vehicles, scout cars, rescue motor vehicles, command motor vehicles, decontamination motor vehicles, land mine detection vehicles, land mine clearance vehicles, amphibious motor vehicles, radio controlled motor vehicles, other than toys,

and parts and fittings of all aforesaid goods; apparatus for locomotion by land, air or water, namely, military, industrial and commercial aircraft and ships and trucks and cars, and parts and fittings of all aforesaid goods; military vehicles, namely, armoured personnel carriers, infantry combat motor vehicles, infantry fighting motor vehicles, infantry rescue motor vehicles, infantry patrol motor vehicles, infantry ambulance motor vehicles, all-terrain vehicles, armored motor vehicles, tracked motor vehicles, combat motor vehicles, armoured cars, battle tanks, and parts and fittings of all aforesaid goods; armored vehicles, and parts and fittings of the aforesaid good; tracked vehicles, namely, tracked military vehicles, tracked amphibious vehicles, bulldozers, excavators, tracked reconnaissance, recovery and combat vehicles, battle tanks, and parts and fittings of all aforesaid goods; wheeled vehicles, namely, wheeled military vehicles, wheeled amphibious vehicles, wheeled reconnaissance, recovery and combat vehicles, and parts and fittings of all aforesaid goods; amphibious vehicles and parts and fittings of the aforesaid goods

13

(3) Firearms and parts and fittings of the aforesaid good; ammunition and projectiles, namely, armour-piercing projectiles, guided projectiles, rocket projectiles and shell projectile, and parts and fittings of all aforesaid goods; explosives, and parts and fittings of the aforesaid good; fireworks, and parts and fittings of the aforesaid good; weapons, namely, missiles, air launched ballistic missile interceptor and ground-based missile interceptor system consisting of a guided missile with electro-optic sensors and adjustable steering fins for tracking and destroying incoming enemy rockets, missiles, artillery, and mortar, bombers, ballistic weapons, cannons, rockets, machine guns, self-propelled weapons, self-propelled guns, howitzers, rocket launchers, chemical weapons, firearms, bombs, and parts and fittings of all aforesaid goods; weapon systems consisting of one or more weapons in the nature of guns, missiles, cannons, rockets, firearms, machine guns, mortar firearms and means for loading the weapons, namely, remote-controlled weapon mounts, and parts and fittings of all aforesaid goods; tanks, and parts and fittings of the aforesaid good; artillery weapons, namely, artillery guns and guided artillery projectiles, and parts and fittings of all aforesaid goods; howitzers, and parts and fittings of the aforesaid good; rocket launchers, and parts and fittings of the aforesaid good; grenade launcher, and parts and fittings of the aforesaid good; firearm sights, and parts and fittings of the aforesaid good; weapon mounts, in particular remote-controlled weapon mounts, and parts and fittings of the aforesaid good; protected towers, namely, gun turrets, and parts and fittings of the aforesaid good; firearms, and parts and fittings of the aforesaid good; pyrotechnic components, and parts and fittings of the aforesaid good; detonators, and parts and fittings of the aforesaid good; fuse, and parts and fittings of the aforesaid good; propellant, and parts and fittings of the aforesaid good; securing and releasing devices for ammunition and projectiles, namely, safety catches for firearms, internal safety devices,

manual, automatic and external safety devices for preventing accidental discharge, trigger locks, bore locks, gun safes, decocker, safety notches, interlocks, blocks, disconnecter, loading indicators, and parts and fittings of all aforesaid goods; pyrotechnic devices for mine clearance or ammunition destruction, and parts and fittings of all aforesaid goods

Services (Nice class & Statement)

37 (1) Building construction; installation, maintenance, retrofitting and repair of computers and their components, vehicles and vehicle components, weapons, namely, guns, missiles, interceptors, bombers, ballistic weapons, cannons, rockets, motorized weapons, machine guns, self-propelled weapons, self-propelled guns, tanks, howitzers, rocket launchers, chemical weapons, firearms, bombs and their components, weapon systems consisting of one or more weapons in the nature of guns, missiles, cannons, rockets, firearms, machine guns, mortar firearms and means for loading the weapons, namely, remote-controlled weapon mounts and their components, computer hardware and simulators; repair information in the field of computers and computer hardware, military vehicles, military weapons and weapon systems; retreading of tyres
