EXPERIENCE THE CLEAN AIR DIFFERENCE

Goods (Nice class & Statement)

6	(1) Air filter frames in the nature of frameworks of metal for use in residential, commercial, industrial, and agriculture facilities; Air filter frames in the nature of frameworks of metal for use in air filtering installations
7	(2) Dust separators; Air pollution control equipment, apparatus, and installations for commercial and industrial use in commercial and industrial installations, namely, dust collectors being parts of dust collecting machines, dust collecting machines that remove particulate matter from air by passing the air through a liquid medium, centrifugal dust separators, centrifugal dust collecting machines, cyclone dust separators, cyclone dust collecting machines; Air filters for motors and engines; Filters for cleaning cooling air, for engines
9	(3) Air quality measurement apparatus, namely, particle counters; Air quality analyzing and monitoring apparatus and instruments, namely, electronic monitors and detectors for monitoring and detecting airborne particulates and for monitoring and measuring air speed, pressure drop, and humidity; Air quality particulate measurement instruments, namely, particle counters
11	(4) Air filters for agricultural, commercial, industrial, power generation, and residential facilities and installations; Air filtration machines for agricultural, commercial, industrial, power generation, and residential facilities and installations; Air pollution control equipment, apparatus, and installations for commercial and industrial use in commercial and industrial installations, namely, cartridge dust collectors in the nature of filter cartridges for industrial dust collection systems for use in pulse-jet cleaning, cartridge air filters for industrial installations, air filters for industrial installations that use fabric bags to collect dust, baghouse air filters for industrial installations that use fabric to filter air, mist collectors in the nature of air purifiers for the cleaning and purification of air, mist collectors in the nature of gas purification machines for the cleaning and purification of gases, collectors in the nature of air purifiers for capturing oil mist generated by industrial operations for the cleaning and purification of air, collectors in the nature of gas purification machines for capturing oil mist generated by industrial operations for the cleaning and purification of gases, side access filter housings specially adapted for use with air purifiers and gas purification machines, filter housings specially adapted for use with air purifiers and gas purification machines, replacement cartridge air filters for industrial installations, replacement air filter cartridges for industrial installations, replacement air filter bags for industrial installations, replacement fabric air filters for industrial

installations and replacement air filters for industrial installations; Filters and filtering media for industrial and commercial use in the purification of air and other industrial fluids, namely, air filters and filtering media in the nature of synthetic fibers or glass fibers for industrial installations; Air filters for residential and commercial uses; Filters and filtering media for removal of contaminant gases and particulates for industrial, agricultural and commercial purposes, namely, air filters and filtering media for industrial, agricultural and commercial installations; Air filtering installations, namely, air filtering units for removing dust from air and air filtering units to remove airborne contaminants; Air filters for domestic use; Industrial air filter machines; Air filters for industrial and domestic installations; Air cleaning housings, namely, housings containing air handling units, air filtration units, air scrubber units and combinations thereof; Environmental control systems, namely air filtration systems comprising filters, filter housings, test housing, housing transitions, isolation dampers, fans and parts therefor

Services **(Nice class & Statement)**

37	(1) Servicing, including maintenance, testing, and repair, of environmental control systems, namely air filtration systems and installations and parts therefor; Servicing, including maintenance, testing, and repair, of environmental control systems, namely dust collection and control systems and installations and parts therefor
42	(2) Custom design and engineering of air filtration systems and installations for agricultural, commercial, industrial, power generation, and residential facilities; Custom design and engineering of dust control systems and installations for agricultural, commercial, industrial, and power generation facilities; Design of environmental control systems, namely air filtration systems and parts therefor

Claims

Priority Filing Date: January 20, 2017, Country or Office: UNITED STATES OF AMERICA, Application No. 87308048 in association with the same kind of goods and in association with the same kind of services Proposed Use in CANADA
