Goods (Nice class & Statement)

1 (1) Fatty acid esters; glycerin; surfactants for use in the manufacture of synthetic detergents, fabric softener, shampoo, body soap, facial soap, disinfectants for household use, and antiseptics; organic peroxide used as catalysts, hardeners and polymerization agents; hydrogen peroxide; peroxides for the rubber and plastics industry; synthetic squalane, namely, hydrogenated polyisobutene; fatty acid; crosslinking agent; polymerization initiators in the nature of chemicals for industrial purposes; polymerization regulators in the nature of chemicals for industrial purposes; foaming agents consisting of coconut oil fatty acid; antifoaming agent; chemical products for biotechnological purposes, namely drug delivery agents in the form of coating for tablets, dissolvable films, powders, capsules, liposomes and tablets for research and scientific purposes; chemical coating agents for surface modification; chemical additives for lubricants; dispersants for industrial use; chemical additives used as a dispersant; solubilizers for use in the manufacture of pharmaceuticals, cosmetics and industrial chemical; compatibilizers for use in the manufacture of pharmaceuticals, cosmetics and industrial chemical; cryoprotectant; anti-fogging chemical agents for industrial purposes; sizing agent for industrial purposes; chain transfer agent; isoparaffin; metacrylate ester; octacosanol; phospholipids; polyethylene glycol; activated polyethylene glycol; polysorbate; soap (metallic) for industrial purposes; alcohols, namely, lauryl alcohol, oleyl alcohol, isoamyl alcohol, phenethyl alcohol, and isbutyl alcohol; amyl alcohol; butanol; alcohol for use in manufacturing pharmaceuticals and for use in manufacturing cosmetics; gas generating compositions for air bag inflators, rock and concrete crushing agents; chemicals for sterilizing medical and food equipment; chemical agents for coating textiles, furs and leather, non-woven and woven fabrics; protective coatings for ophthalmic lenses; softening agent for use in manufacture of haircare preparations, paper treatments, detergent for textiles; stabilizers, namely chemicals used to regulate chemical reactions during the manufacture of pharmaceuticals, cosmetics, and industrial chemical; plasticizers for industrial use; rheology modifiers [chemicals] for use in the field of coating materials; chemical thinners; base oil used in the manufacture of abrasive compositions for metal polishing; curing agents, namely chemical additive agents used to harden concrete, resin, unprocessed plastics for industrial purposes; antioxidants for use in manufacture of pharmaceuticals, cosmetics and industrial chemical; resin stabilizer; chemical thickening additives for use in the manufacture of

lubricants, cosmetics, hair care preparations, and industrial chemical; degreasing agents for use in the manufacturing process; chemicals used for deinking of printed waste paper; chemical additives for latent heat storage; igniting agents for use in the manufacture of explosives; shrinking agents, namely chemical additive agents used to control shrinking of mortar, resin, plastics, and industrial chemical; surfactants for use in the manufacture of industrial and agricultural chemicals; flame-retardant compositions; emulsifiers for the manufacture of cosmetics, pharmaceuticals, leather, textiles, foods; surfactants for use in connection with dust prevention; humectant used in the manufacture of cosmetics; rust inhibitors for metal surfaces, automobile cooling systems; rust inhibitors for lubricants; chemical additives that improve lipophilicity and oil resistance; mold-release compounds; flowability improver chemicals for use with mold injection, concrete and asphalt construction sites; chemical additives for use in the manufacture of cosmetics; chemical reagents for analytical moisture determinations, for testing the sterility of medical equipment, for use in genetic research, and for laboratory use; chemical additives for use in the manufacture of industrial chemicals; catalysts for use in the manufacture of industrial chemicals; chemical hardeners for industrial use; chemicals for use in the manufacture of solvents; viscosity regulating preparations for use in the manufacture of industrial chemicals; antistatic sprays for electronic parts and circuit board, fabrics and textile; emollients for use in the manufacture of cosmetics and pharmaceuticals; air entrainment for use in the manufacture of concrete; enzyme modifiers for use in the manufacture of cosmetics and pharmaceuticals; enzyme modifiers for chemical reagent use; detergents for industrial use; chemical preparations in the nature of water repellent chemicals agents for industrial purposes; chemical-based water repellent preparations to be applied to clothing; water-and-oil soluble based for use in the manufacture of cosmetics and pharmaceuticals; bioactive chemical ingredients for use in the manufacture of pharmaceutical medicine; blocking reagent for nucleic acid hybridization and detection for scientific and research use; chemical preparations for pharmaceutical or medical purposes, namely for use as components of pharmaceuticals

2 (2) Anti-rust greases, anti-rust oils, anti-rust preparations for preservation, rust inhibitors for metals, rust inhibitors for paint; corrosion inhibiting paint type coatings; anti-corrosion paints, oils, waxes and greases; primer paint; paint primer; waterproof paint; anti-fog paint; antifouling paint-type coating; printing ink; toner for printer and photocopier; agglutinants for paints; siccatives for paints; thickeners for paints; thinners for paints; coating preparations having hydrophilizing properties used as paints

3 (3) Dry cleaning preparations and fluids; fabric softeners for laundry use; laundry detergents; abrasive compositions used in the manufacture of soaps, shampoos, body care products, cosmetics, house-care products; detergent

soap; household detergents; antistatic preparations for household purposes, namely, antistatic dryer sheets and antistatic spray; mouthwash; deodorant for bad breath; body soap; shampoos, hair rinse; hair bleaches; cosmetic hair care preparations; hair color; hair spray; hair tonic; hair, lip, nail, skin and fabric conditioners; makeup agent for skin care; sun-screen preparations (cosmetics); antiwrinkle cosmetics; facial moisturizers; body moisturizers; skin moisturizing cream; hair moisturizers; aftershave moisturizing creams; after-sun moisturizers; beauty care cosmetics; beauty masks; oil for makeup; cosmetic creams; lotions for cosmetic purposes; beauty lotions; body lotions; facial lotions; eye lotions; cosmetic hair lotions; make-up removing lotions; cologne; make-up powder; depilatory wax; hair wax; massage waxes; wax for removing body hair; wax strips for removing body hair; cosmetic rouges; laundry brightener; emollients for cosmetics; nail-enamel remover; hair balsam; cosmetics and shampoo for animals

5 (4) Blocking reagent for nucleic acid hybridization and detection for medical and clinical use; drug delivery agents in the form of coating for tablets, dissolvable films, powders, capsules and tablets that facilitate the delivery of pharmaceutical preparations; cell membrane preparations for use as diagnostic agents for medical use; synthetic peptides in the form of pills for pharmaceutical medicine purposes; phospholipids for medical use; glycerin for medical treatment; medicated sunburn lotions; medicated nappy rash lotions; oil adjuvants for medical purposes, namely vaccine adjuvants; diagnostic reagents for medical and veterinary use; diagnostic reagents for medical diagnostic use; diagnostic reagents for veterinary purposes; anti-cavity dental coating preparations containing fluoride; grind powder for teeth; medicated bath preparations for therapeutic use; germicidal soap; herbal tonics to promote general health and well-being; dry milk for babies; nutritional supplements for general health and well-being; mineral nutritional supplements; dietary fibre as a food additive; dietary supplements for general health and well-being; manna sugar, namely mannitol for blood sugar control use; supplements for balancing blood sugar levels; anti-inflammatory salves; ointment, namely, antibiotic ointment, anti-itch ointment, hemorrhoidal ointments, anti-inflammatory ointment, medicated diaper rash ointment, and ointments for sunburn
