**Goods (Nice class & Statement)**

- 7 (1) Metalworking machines; mining machines and apparatus namely water pumping units for mining purposes, truck mills for mining purposes, robots and robotic arms for mining, mining bits, mining drill sharpeners, machines for mining explorations, extractors for mines, drills for the mining industry and deep-sea mining machines; concrete construction machines and apparatus namely construction rammers; cargo loading and unloading machines; electromechanical machines for chemical industry namely agitator for chemical processing, blending machines for chemical processing, calcining machines for chemical processing, disintegrators for chemical processing, dissolving machines for chemical processing, dust collecting machines for chemical processing, chemical fiber spinning machines, extracting machines for chemical processing, ; machines for making textile articles namely clothing, bags, hats, dining linens, and bed and bath linens; papermaking machines; machines for processing plant fibers namely machines for processing paper pulp; printing presses; bookbinding apparatus and machines for industrial purposes; glassware manufacturing machines and robots and robotic arms for glassware manufacturing; painting machines; packaging machines; wrapping machines; machines for processing plastics namely plastic molding machines and machines for extruding plastics; semiconductor manufacturing machines; rubber manufacturing machines; motors, other than for land vehicles namely electric motors for machines, direct current motors and motors used in industrial applications; machine coupling and transmission components, except for land vehicles, and parts therefor; springs being parts of machines]; brake pads for industrial machines; angle valves being parts of machines]; back pressure valves being parts of machines; ball valves being parts of machines; butterfly valves being parts of machines; clack valves being parts of machines; hydraulic valves being parts of machines; manually operated ceramic valves being parts of machines; curtain drawing devices, electrically operated; door openers, electric; 3d printers.
- 9 (2) Cash registers; automated teller machines [atm]; fire alarms; gas alarms; burglar alarms; laboratory apparatus and instruments namely cotton swabs for laboratory use, cupels for laboratory use, cuvettes for laboratory use, decantation pears for laboratory use, flasks for laboratory use, furnaces for laboratory use, glassware for laboratory use, incubators for laboratory use, laboratory baths, laboratory calipers, laboratory centrifuges, laboratory chemical reactors, laboratory robots, laboratory scales and

[View documents](#)

balances; photographic equipment namely cameras, photographic flash units for cameras and photographic film developing machines; cinematographic machines and apparatus namely cinematographic cameras, cinematographic projectors, editing machines for cinematographic films and projection screens for cinematographic films; optical apparatus and instruments namely optical position sensors, optical receivers, optical scanners, optical sensors, optical transmitters and optical waveguides; measuring apparatus namely measuring bowls, measuring cups, fluorometers, measuring tapes, measuring rulers, meters for measuring voltage, multimeters for measuring electric current, electrical resistance and electrical voltage; surveying instruments; regulating apparatus, electric namely, voltage regulators; batteries, electric namely electrical storage batteries, alkaline batteries, electric batteries for cameras, electric batteries for portable computers, electric batteries for vehicles and electric batteries for watches; solar batteries; ohmmeters; oscillographs; galvanometers; electric loss indicators namely faulted circuit indicators; wavemeters; cables, electric; telecommunications equipment namely computer hardware for telecommunications, mobile telecommunications handsets, ; intercommunication apparatus namely intercoms and parts thereof; transmitters namely audio transmitter units, radio transmitters and global positioning systems; remote control apparatus, namely remote control starters for vehicles, electronic key fobs being remote control apparatus, remote controls for radios, remote controls for stereos and remote controls for televisions; radiotelegraphy sets; radiotelephony sets; radio beacon machines and apparatus namely emergency position-indicating radio beacons; personal digital assistants; smartphones; wearable computers namely smart watches; wearable video display monitors; optical character readers; credit card terminals; computer interface boards; computer interface boards; computer operating system interface software; computer keyboards; computer monitors; thin client computers; electronic tags for goods; integrated circuit cards namely blank smart cards]; electronic chips for the manufacture of integrated circuits]; downloadable cryptographic keys for receiving and spending cryptocurrency; central processing units [processors]; data processing apparatus namely computer hardware for data processing, computer programs and software for data processing, computer programs for processing digital music files; transistors [electronic]; laptop computers; bar code readers; light-emitting diodes [led]; microprocessors; computer mouse; encoded identity cards; usb flash drives; readers, namely, card readers for credit cards, barcode readers, smart card readers and USB card readers; quantum dot light-emitting diodes [qled]; recorded computer programs, recorded for use in providing audio content, video content, digital content, information, news and commentary in the fields environmental, social and economic sustainability; downloadable computer programs for providing business intelligence to collect, process, manage, analyze, transmit,

share, report on data regarding sustainability within an enterprise, compliance, and business impact; computer peripheral devices, namely keyboards, modems, mouse, printers, scanners, speakers and video recorders; scanners, namely portable document scanners, and computer scanners; printers for use with computers; hard disk drives; semi-conductors; printed circuits; printed circuit boards; wafers for integrated circuits; computer memory devices namely computer memory expansion modules, integrated circuit [IC] memory cards; computer hardware; computer servers; recorded computer software, recorded for use in providing audio content, video content, digital content, information, news and commentary in the fields environmental, social and economic sustainability; recorded computer software for use in organizing, transmitting, receiving, playing, storing and reviewing audio files; central processing units [processors]; microprocessors; industrial x-ray apparatus; magnetic object detectors; ultrasonic flaw detectors; ultrasonic sensors; virtual reality headsets adapted for use in playing video games; game programs for home video game machines; electronic circuits and cd-roms recorded with programs for hand-held games with liquid crystal displays; electronic circuits and cd-roms recorded with automatic performance programs for electronic musical instruments; phonograph records; downloadable music files; prerecorded videotapes; blank compact discs; downloadable image files containing artworks, texts, graphics and photographs; downloadable electronic publications in the nature of audiobooks, journals, books, magazines and digital brochures; game programs for arcade video game machines; simulators for the steering and control of vehicles; sports training simulators, namely, golf simulators, soccer training simulator, baseball training simulators and hockey training simulators; magnetic cores; resistance wires; electrodes, other than welding electrodes or medical electrodes namely fuel cell electrodes and graphite electrode; humanoid robots with artificial intelligence; virtual private network [vpn] hardware; virtual private network [vpn] operating software.

11

(3) Drying apparatus for chemical processing namely chemical fiber drying machines; recuperators for chemical processing; steamers for chemical processing, namely garment steamers, hair steamers for use in beauty salons; evaporators for chemical processing; distillers for chemical processing; heat exchangers for chemical processing; chemical fibre drying installations; boilers, other than parts of machines, namely electric boilers and electric egg boilers ; air conditioning apparatus for industrial use namely air conditioners and parts thereof; industrial humidifiers; industrial air purifiers; industrial dehumidifiers; freezers for industrial purposes; laundry drying machines; water purification units for commercial use; water purification installations, namely, water purification machines for domestic use, water purification, apparatus for clarification, thickening and filtration of environmental and storm runoff water and in the field of mining; lighting apparatus and installations namely electric lighting fixtures, indoor lighting fixtures, industrial lighting fixtures,

infrared lighting fixtures, installations for street lighting and LED lighting fixtures for indoor, outdoor lighting applications and electric luminaires; electric lamps; electric fans for personal use; electrically heated carpets; heating pads, electric, not for medical purposes; blankets, electric, not for medical purposes; heating cushions, electric, not for medical purposes; footmuffs, electrically heated; socks, electrically heated; electrically heated clothing namely gloves, mittens, socks, pants, shorts, jackets, and vests; immersion heaters; heaters, electric, for feeding bottles; usb-powered cup heaters; usb-powered hand warmers; hair driers for household purposes; water purifying apparatus for household purposes namely tap-water purifying apparatus; fireplaces, domestic; wicks adapted for oil stoves; cooking apparatus and installations for commercial use namely commercial cooking ovens; industrial dish drying machines; dish disinfectant apparatus for industrial purposes; cooking utensils, electric namely electric griddles, electric kettle, electric pressure cooker, electric sous-vide cooker, electric skillet, electric sandwich makers, electric rice cookers and electric saucepans; sinks; tap water faucets; level controlling valves in tanks; pipe line cocks [spigots] namely spigots for pipes and pipelines; waste water treatment tanks; septic tanks for industrial purposes; solar water heaters; gas-fired water heaters; septic tanks for household purposes; bath fittings; air deodorizing apparatus, namely, diffuser plugs for air deodorizers; deodorizing apparatus, not for personal use namely electric room deodorizing units and electric deodorizing units containing ozone sanitizer; toilets [water-closets]; Prefabricated bathroom sanitary installations sold as a unit, namely shower bath installations; industrial furnaces; nuclear reactors.

16

(4) Pastes and adhesives for stationery and household purposes; sealing wax; printers' galleys; printing type; addressing machines; inking ribbons; electric staplers for offices; sealing machines for offices; stamp cancelling machines; drawing instruments namely, drawing pencils, drawing pins, drawing ink and drawing brushes; typewriters; mimeographs [duplicators]; relief duplicators; postage meters for office use; rotary duplicators; paper shredders for office use; marking templates; decorators' paintbrushes; industrial packaging containers of paper; bags [envelopes, pouches] of plastic for packaging; food wrapping plastic film for household use; garbage bags of paper for household purposes; garbage bags of plastic; sewing patterns; tailors' chalk; banners of paper; flags of paper; hygienic hand towels of paper; towels of paper; table napkins of paper; hand towels of paper; handkerchiefs of paper; luggage labels of paper; paper and cardboard; paper stationery; stationery agendas; stationery cases; stationery labels; stationery personal organizers; stationery seals; stationery stickers; writing stationery; printed matter namely printed newsletters, printed pamphlets, printed paper labels, printed paper signs, printed research reports, printed tables and printed tags; paintings and calligraphic works; photographs [printed]; photograph stands.

## Services (Nice class & Statement)

35 (1) Advertising and publicity services namely advertising by transmission of on-line publicity for third parties through electronic communications networks, advertising the goods and services of others and consultancy relating to publicity; promoting the goods and services of others through the administration of sales and promotional incentive schemes involving trading stamps; business management analysis; business consultancy in the field of internet marketing; business management; marketing research and analysis; providing information concerning the commercial sales of semi-conductors, computers and computer hardware, industrial robots and humanoid robots with artificial intelligence; employment agency services; auctioneering; import-export agency services; document reproduction; office functions in the nature of filing documents; office functions in the nature of filing magnetic-tapes; compilation of information relating to financial data into computer databases; compilation of information relating to statistical data for use in scientific or medical research into computer databases; word processing and typing services; telephone answering service; telephone switchboard services; secretarial services; publicity material rental namely rental of billboards, electronic displays, electronic chat rooms and message boards, electronic billboard advertising of the goods and services of others; rental of typewriters and copying machines; office machines and equipment rental; providing commercial information and advice for consumers in the choice of products and services in the field of mining, the field of construction and field of computer software development; providing employment information on hiring, recruiting, placement, staffing and career networking; news clipping services; rental of vending machines; organization of exhibitions for commercial and advertising purposes namely arranging and conducting electrical trade show exhibitions in the field of electrical systems; organization of trade fairs namely automobile trade fairs, trade fairs in the field of construction and trade fairs in the field information technology; internet advertising services namely advertising on the Internet for others; consultancy regarding advertising communication strategies; computerized file management; updating and maintenance of data in computer databases; systemization of information into computer databases; retail services and wholesale services for electrical machinery and apparatus namely electrical tools, generators, electrical transformers, electrical cables, electrical annunciators, electrical circuit boards, electrical coils, electric motors, electrical connectors, electrical conductors cables, electrical convertors, electrical fuses, electrical inductors, electrical power connectors, electrical resistors, starters for motors and engines, ac motors, dc motors, electric lamps and other lighting apparatus and computer hardware; retail services and wholesale services for printed matter namely paper, cardboard and photographs, printed newsletters, printed pamphlets, printed paper labels, printed paper signs, printed research

reports, printed tables and printed tags; retail services and wholesale services for paper and stationery; retail services and wholesale services for automobiles; website traffic optimisation; search engine optimization; consultancy services in the field of internet marketing; promoting the goods and services of others through advertisements on internet web sites; providing and rental of advertising space on the internet; dissemination of advertising via on-line communications networks; providing consulting services in the area of global sustainable business solutions; business planning and business continuity consulting; business consulting and information services in the fields of mining, construction and computer software development; business management consulting with relation to strategy, marketing, production, personnel and retail sale matters; consultancy relating to search engine optimization.

36

(2) Savings bank services namely administrating of investment saving plans, administration of saving accounts, financial administration of retirement saving plans, financial administration of saving bonds, financial administration of tax-free savings account; loans [financing] and discount of bills; currency trading; surety services; acceptance of bill payments; securities lending; acquisition and transfer of monetary claims; safe deposit services; exchanging money; trusteeship of financial futures contracts; fiduciary services for corporate and individuals; debt collection agency services; advisory services relating to credit and debit control; foreign exchange transactions; issuing of letters of credit; brokerage of bonds and other securities; brokerage of currency; brokerage of financial derivatives; brokerage of shares and stocks; brokerage of health, life and travel insurance; brokerage of equities; energy brokerage services; issuance of tokens of value namely, issuance of non-fungible tokens; agencies for collecting gas or electric power utility payments; collection of payments for goods and services namely financial services in the nature of payment processing services for goods and services of others; trading of securities; trading of securities index futures; trading of securities options; trading of overseas market securities futures; agencies for brokerage of securities; agencies for brokerage of securities index futures; agencies for brokerage of securities options; agencies for brokerage of foreign market securities futures; brokerage for securities liquidation; securities underwriting; brokerage services relating to securities subscription or offering; stock exchange quotations; agencies for trading of commodity futures; life insurance brokerage; life insurance underwriting; non-life insurance agency services; management of buildings; real estate brokerage; rental of buildings; real estate services relating to the sale, purchase and leasing of real estate; providing real estate information; real estate management services relating to land; agency services for the leasing or rental of land; leasing of land; purchase and sale of land for real estate; financial assessment of company credit; rental of paper money and coin counting machines; rental of cash dispensers; rental of automated-teller machines; antique

appraisal; art appraisal; appraisal of precious stones; appraisal of used automobiles; charitable fund raising; providing financial information on loans; financial analysis; financial consultancy services in the field of insurance.

(3) Building construction; construction of residential and commercial properties; construction of telecommunications towers; construction management services; construction consultancy namely consultancy services relating to the construction of buildings, consultation on the construction of commercial properties; maintenance of equipment for building construction; services of electricians, namely electrical contracting services; repair or maintenance of cinematographic machines and apparatus; repair and maintenance of optical laboratory machines and instruments; repair or maintenance of photographic machines and apparatus; repair and maintenance of office machines; repair or maintenance of air-conditioning apparatus [for industrial purposes]; burner maintenance and repair; repair or maintenance of boilers; installation, maintenance and repair of pumps and pumping stations; repair and maintenance of freezing machines and apparatus namely freezing equipment repair and maintenance; repair and maintenance of electronic machines and apparatus namely electrical tools, generators, electrical transformers, electrical cables, electrical annunciators, electrical circuit boards, electrical coils, electric motors, electrical connectors, electrical conductors cables, electrical convertors, electrical fuses, electrical inductors, electrical power connectors, electrical resistors, starters for motors and engines, ac motors, dc motors, electric lamps and other lighting apparatus and computer hardware; repair and maintenance of telecommunication machines and apparatus namely telecommunication towers, facsimile machines and cellular towers; repair or maintenance of computers; repair or maintenance of telephone apparatus; repair of radio or television sets; repair and maintenance of telecommunications apparatus, other than telephone sets, radio receivers and television receivers; repair and maintenance of consumer electrical appliances namely electrical repair and maintenance of air conditioners, electrical repair and maintenance of heaters and electrical repair and maintenance of lighting; repair and maintenance of power distribution and control machines and apparatus namely repair, maintenance, and installation of electrical wiring, outlets, light fixtures, switches and electrical panels; repair or maintenance of power generators; repair and maintenance of laboratory apparatus and instruments, namely repair and maintenance of furnaces for laboratory use, glassware for laboratory use, incubators for laboratory use, laboratory calipers, laboratory centrifuges, laboratory chemical reactors, laboratory robots, laboratory scales and balances, optical laboratory machines, photographic laboratory machines; repair and maintenance of measuring and testing machines and instruments, namely measuring bowls, measuring cups, fluorometers, measuring tapes, measuring rulers, meters for measuring voltage, multimeters for measuring electric current,

electrical resistance and electrical voltage; repair or maintenance of printing or bookbinding machines and apparatus; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of metalworking machines and tools; repair or maintenance of machines and systems for manufacturing integrated circuits; repair or maintenance of semi-conductor manufacturing machines and systems; repair or maintenance of plastic processing machines and apparatus; installation, maintenance and repair of packaging machines; repair and maintenance of 3d printers; installation and repair of air-conditioning apparatus.

38

(4) Telecommunications services, namely providing computer network access via fiber optic networks; telecommunication bundle services that allow customers to reach cellular phones, voicemail and call routing between wireline and wireless phones and voicemail boxes; cable radio broadcasting services; cable television broadcasting services; Internet radio broadcasting services; broadcasting services, namely music broadcasting via radio, television, and the Internet; satellite television broadcasting services; video tape broadcasting services; news agency services; rental of telephone, facsimile apparatus and other communication equipment, namely, smartphones, smart watches, video conferencing equipment, modems and radios; transmission of messages and images via global computer networks; providing on-line forums for transmission of messages among computer users; streaming of data, namely providing streaming audio and video such as music, movies, television shows, music videos, news and sports webcasts via global computer networks; provision of electronic data interchange (EDI) services; telephone rental services; internet access provider services; providing on-line chat room services; providing on-line electronic bulletin boards for transmission of messages among computer users; provision of video conferencing services; transmission of financial investment information via optical fibre broadband networks; data transmission via telecommunications networks namely, e-mail transmission services via a peer-to-peer network, transmission of images over the Internet, transmission of podcast and movies via the Internet; telecommunication services, namely, providing computer network access via fiber optic networks; transmission of videos, such as television shows, music videos, news and sports webcasts, movies, motion pictures, images, text messages, digital photos, games, audio content namely podcasts, and information in the field of the field of mining, the field of construction and in the field of computer software development via the internet; electronic transmission and retransmission of sounds, images, documents, messages and data namely email transmission of music, images, messages, data and documents via computer terminals; consultancy, information and advisory services in the field of telecommunications, namely providing consultancy, information and advisory services for internet access to exchange financial investment information via online chat

rooms and email; providing advisory and consultancy services for the provision of access to databases; providing advisory and consultancy services for the transmission of images via cellular telephones and over the Internet; providing advisory and consultancy services in the field of broadcasting and transmission of radio programs; providing advisory and consultancy services to provide access to electronic publications via computer networks.

40 (5) Radiation area decontamination services, namely decontamination of irradiated areas; providing information relating to the treatment or processing of cloth, clothing or fur; metalworking; processing of rubber; processing of plastics; ceramic processing; paper treating; canning and freezing food processing for others; processing of cinematographic films; photographic enlarging; photographic printing; photographic film development; bookbinding; water treating; recycling of waste and trash; rental of machines and apparatus for film development, photograph printing, photograph enlargement or photograph finishing; rental of metal treating machines and tools; rental of bookbinding machines; rental of chemical processing machines and apparatus; rental of 3d printers; material treatment information namely information services relating to the treatment of graphite anode materials; printing of advertising matter for others; printing services, namely, printing labels, decals, stickers and packaging; rental of air-conditioning apparatus; rental of water filters and air purification equipment; rental of electric power generators; rental of printing machines and apparatus; air deodorizing; rental of food processing machines.

41 (6) Educational services in the field of information technology; correspondence courses in the field of information technology; arranging and conducting of seminars in the field of information technology; providing online not downloadable electronic publications in the form of publishing of electronic newsletters; publication of texts, namely publication of textbooks, publishing of electronic publications, other than publicity texts; organization of shows [impresario services] in the nature of event planning services; organization of shows [impresario services] in the form of advertising campaigns; organization of shows [impresario services] namely organization of live musical productions and theatrical performances, comedy shows, movies, amateur sports contests, art shows, carnivals; providing online non-downloadable videos in the field of digital transformation, sustainable manufacturing, consumer experiences, healthy living, trusted society, digital shifts, business application and hybrid information technology; movie theatre presentations; film production, other than advertising films; film distribution; providing online music, not downloadable; presentation of live musical variety show performances; theatre productions; musical entertainment services namely arranging and conducting musical concerts and festivals; production of radio and television programmes; production and distribution of sound, movie and video recordings, namely, production

and distribution of films, television programs, motion pictures and documentaries; operation of video and audio equipment for the production of radio and television programs; organization of sports competitions; entertainment and sporting activities, namely entertainment in the form of sports competitions; providing sports facilities namely providing sports arena facilities, providing access to tennis courts, gymnastic rooms, basketball courts and swimming pools; providing amusement facilities namely amusement parks; providing facilities for movies, shows, plays, music and educational training, namely, movie theaters, cinema theaters and stage scenery; rental of radio and television sets; rental of radio sets; rental of records or sound-recorded magnetic tapes; rental of videotapes; language interpretation; translation; rental of cameras; disc jockey services; art exhibitions for cultural or educational purposes; toy rental; rental of amusement machines and apparatus; rental of game machines and apparatus; distance learning services provided on-line, namely, conducting online distance learning at the College level, conducting online distance learning at the high school level, conducting online distance learning instructions at the primary level, conducting online distance learning instructions at the university level; training services in the field of industrial design, advertising and communication technologies; educational services provided by business correspondence schools namely correspondence courses at the high school level, correspondence courses at the University level; providing online non-downloadable electronic publications in the nature of worksheets, magazines, brochures, questionnaires, reports, catalogues, calendars, books, newsletters, pamphlets, prospectuses, manuals in the field of environmental, social and economic sustainability from a global computer network; provision of training in the field of digital transformation, sustainable manufacturing, consumer experiences, healthy living, trusted society, digital shifts, business application and hybrid information technology via a global computer network; computer education training services; training services in the field of computer software development; educational examination for users to qualify to pilot drones; on-line library services; arranging and conducting of seminars, congresses, conferences and symposiums in field of information technology.

42

(7) Computer aided design (CAD) software for manufacturing operations in the fields of mining, of construction, of computer software development, and information technology; industrial design; computer aided graphic design; computer programming; Computer services, namely, monitoring the Internet traffic control and content control of the web site of others; design and development of wireless computer networks; data encryption services; data decryption services; configuration, installation, fault diagnosis, repair, upgrading and maintenance of computer software; diagnosis of computer software problems; data conversion of computer program data or information [not physical conversion] namely document data conversion from one

media to another; duplication of computer programs; creation, design, development, and maintenance of websites for others; providing internet search engines with specific search options; computer software design; maintenance of computer software; computer software consultancy; technical advice relating to operation of computers; chemistry services namely laboratory research in the field of chemistry; development of new computer technologies for others; energy auditing; providing information relating to computer technology and programming via a website; computer system analysis; testing of computer software; computer technology consultancy; providing quality control for the computer software development industry; information technology [it] consultancy namely consultancy relating to assessing information technology security and vulnerability of computers and networks ; providing scientific research in the fields mining and electricity; calibration of electronic equipment; calibration of laboratory equipment; rental of computers; providing temporary use of online non-downloadable computer software for use in providing audio content, video content, digital content, information, news and commentary in the fields environmental, social and economic sustainability; electronic data storage for archiving business and corporate records; rental of web servers; server hosting; cloud computing featuring software for providing business intelligence to collect, process, manage, analyze, transmit, share, report on data regarding sustainability within an enterprise, compliance, and business impact; Software as a service (SaaS) services featuring software in the nature of analytics tools that compile, simplify, analyze and share data related to environmental, social, governance, and sustainability of products and organizations; Platform as a service (PaaS) featuring computer software platforms for reporting, management, and analysis of data on carbon emissions, energy management, and environmental sustainability; weather forecasting; architectural design; geological research; consultancy in the design and development of computer hardware; providing information relating to computer technology and programming via a website; creating and maintaining websites for others; internet security consultancy; rental of measuring apparatus, namely, namely rental of fluorometers, measuring tapes, measuring rulers, meters for measuring voltage, multimeters for measuring electric current, electrical resistance and electrical voltage; rental of laboratory apparatus namely, rental of furnaces for laboratory use, glassware for laboratory use, incubators for laboratory use, laboratory calipers, laboratory centrifuges, laboratory chemical reactors, laboratory robots, laboratory scales and balances, optical laboratory machines, photographic laboratory machines; rental of technical drawing instruments; computer system analysis; providing information relating to computer technology and programming via a website; computer virus protection services; technological research in the field of building construction materials; technological research in the field of computer hardware systems; design and development

of computer hardware, software and databases; computer system design and development; providing information about the design and development of computer software; advisory and consultancy services relating to computer software; design, development, installation and maintenance of computer software; design of computer software, computer firmware, computer hardware and computer systems; database design and development; design and development of computer networks; design and development of computer hardware; design and development of computer firmware; design and development of computer peripherals; design and development of data processing apparatus namely development and design of computer programmes for data processing; research in the field of computer software; research and development services relating to computer hardware; research in the field of data processing technology; research in the field of hair care; design and development of medical technology in the field of pharmaceuticals and clinical trials; research in the area of semiconductor processing technology; consultancy and research services in the field of information technology; research relating to mechanical engineering; research in the field of communications technology for providing business intelligence to collect, process, manage, analyze, transmit, share, report on data regarding sustainability within an enterprise, compliance, and business impact; Technological research in the fields of data communications networks and information technology systems design; provision of technical information in relation to computers; advisory and information services relating to the design and development of computer hardware; consultancy services in the field of design, selection, implementation and use of computer hardware and software systems; advisory services relating to computer software; advisory and consultancy services relating to the design and development of computer hardware; advisory services relating to the design of interior decor; consultancy relating to the creation and design of web sites; consultancy in the field of energy efficiency; professional consultancy relating to computer security; design consultancy namely consultancy in the design and development of computer hardware and software; consultancy services in the fields of environmental science; consultancy services in the fields electrical engineering, civil engineering, mechanical engineering; consultancy in the field of engineering of telecommunications hardware.
