LUMI BIRD

Vienna information (Code & Description)

3.7.16 Birds in flight or with outspread wings
3.7.22 Hummingbirds
A 3.7.24 Birds or bats stylized, in shadow or in silhouette

Goods (Nice class & Statement)

9 (1) Lasers, other than for medical use; laser installations, other than for medical use; and parts and accessories thereof, namely laser delivery systems, control panels, power supplies, stands, carry cases, accessory adaptors, magnification changers, beam splitters, observation tubes, camera adaptors, eyepieces, safety goggles; laser diode photocoagulators and parts thereof, namely slitlamp delivery systems and adaptors and safety filters therefor; laser scalpels, other than for medical use; diagnostic ultrasound apparatus, other than for medical use, and parts and accessories thereof; control panels, power supplies, eyepieces, teaching eye models and safety goggles being accessories for medical lasers, including ophthalmic lasers.

10 (2) Surgical, medical, dental and veterinary apparatus and instruments; diagnostic and treatment apparatus and equipment for use in medicine, ophthalmology, dentistry and veterinary medicine; therapeutic and assistive devices adapted for persons with disabilities; massage apparatus; medical lasers, including ophthalmic lasers and parts and accessories thereof, namely laser delivery systems, stands, carry cases, accessory adaptors, magnification changers, beam splitters, observation tubes, camera adaptors; laser diode photocoagulators and parts thereof, namely slitlamp delivery systems and adaptors and safety filters therefor; lasers for medical purposes; lasers for dental purposes; lasers for ophthalmic purposes; lasers for veterinary purposes; medical instruments incorporating lasers; lasers for surgical use; laser pointers for medical use; laser installations for medical use; laser instruments for medical use; laser scalpels for medical use; lasers for use in surgery; lasers capable of producing pulsating laser beams [for medical use]; laser cutting tools for medical use; laser machining tools for medical use; gas laser apparatus for medical treatment; solid state lasers for medical purposes; laser light treatment instruments for medical use; laser beam delivery instruments for medical use; lasers incorporating optical fibres for medical use; apparatus for applying laser radiation [for medical purposes]; apparatus for the application of laser radiation for medical purposes; apparatus for the application of laser radiation for surgical purposes; apparatus for the

application of laser radiation for dental purposes; ultrasound apparatus for medical purposes, and parts and accessories thereof; ultrasonic diagnostic instruments and apparatus for therapeutic purposes; ultrasound therapy apparatus; diagnostic ultrasound instruments and apparatus for medical use; ultrasonic blood flow meters; ultrasonic probes for medical use; ultrasonic sensors for medical use; ultrasonic diagnostic instruments and apparatus for dental use; ultrasonic diagnostic instruments and apparatus for surgical use ultrasonic diagnostic instruments for veterinary use; ultrasound apparatus for veterinary use; sources of ultrasonic fields for use in medical diagnosis; sources of ultrasonic fields for use in medical treatment; ultrasonic eye axis length meters; ultrasonic cleaning instruments for medical use; ultrasonic cleaning instruments for surgical use; ultrasonic cleaning instruments for veterinary use; ultrasonic apparatus for medical use in scanning the body; ultrasonic aspirators for separating soft tissue parts.

Services (Nice class & Statement)

- 37 (1) Installation, repair and maintenance and repair support for devices, equipment and material incorporating lasers and other light-based systems; custom construction of laser systems for any industry; maintenance and repair of laser measuring apparatus.
- 41 (2) Education; providing of training with regard to the use of laser installations for medical use and ultrasonic medical diagnostic apparatus.
- 42 (3) Research works, scientific research, research and scientific work in the field of optics and telecommunications; scientific research services for medical purposes; designing, elaborating and developing software, cd-roms, developing computer systems; software updating; programming for computers; computer security consultancy; software consultancy; creating (designing) and developing multimedia products, designing and developing computer systems; engineering works (expertise), professional technological consultancy and drawing up of plans unrelated to business dealings; technical project studies, maintenance of computer software, research and development of new products for others; technical project studies; research and development of new products for others; scientific and technological services as well as research and design services relating thereto; industrial analysis and research services; design, planning and development of scientific, industrial, military, space laser systems and medical lasers; design, planning and development of light-based systems for use in the fields of science, industry, military, space; providing custom laboratory evaluations and studies in the field of laser technologies and other light-based technologies; design, planning and development of ultrasound systems for use in the fields of science, industry, military, space; providing custom laboratory evaluations and studies in the field of ultrasound technologies.
- 44 (4) Medical services, in particular ophthalmology,

dentistry; veterinary services; medical laser treatment of eye diseases; ultrasound services for medical purposes; rental of ultrasonic diagnostic apparatus; rental of laser treatment apparatus and/or instruments.

Claims

Priority Filing Date: August 25, 2022, Country or Office: AUSTRALIA, Application No. 2296069 in association with the same kind of goods and in association with the same kind of services
