29.1.3	Green

Colour claim

Colour is claimed as a feature of the trademark. The trademark is in green.

Goods (Nice class & Statement)

7 (1) Motors, other than for land vehicles; machine coupling and transmission components (except for land vehicles); vending machines; fuel pumps; valves; clack valves [parts of machines]; sparking plugs; alternators; water pumps for vehicles, windscreen wiper water pumps; compressors for air conditioning apparatus; throttle valves; turbocompressors; starter motor; pulleys for alternators; radiators for vehicles; alternator tensioners and rollers; turbosuperchargers and turbocharger parts kits; high pressure pumps; water circulation pumps (auxiliary heating); intake manifolds (air supply); automotive intake manifolds; intake manifolds for motors; fuel injection systems for engines; cutting tools being parts of machines; injectors for engines; intake manifold modules; wiper motor; fuel pressure regulators; engine control units; spark plug ignition wires; ignition devices for vehicles; exhausts; supports for exhaust pipes; exhaust systems for vehicles; exhaust silencers; ignition coils; intake manifolds, namely turbulence hood actuators; distributor caps [internal combustion engine parts]; central valves (camshaft adjustment); pressure relief valves (common rail system); control valves (camshaft adjustment); coolant control valves; idle control valves (air supply and/or air intake control); fuel flow control valves (common rail system); stabiliser tanks (fuel pump); cooling circuit, exhaust and engine components (mechanical); vehicle parts, namely cooling circuits; vehicle parts, namely thermostat water hoses; vehicle parts, namely expansion tanks; vehicle parts, namely expansion tank caps; all the aforementioned for the use in the automotive sector.

- 9 (2) Switches, electric; oil pressure control switches; ignition starter switches; oil pressure switches (automatic transmission); temperature switches (coolant indicator); temperature switches (radiator fan); air-conditioning pressure switches; switches (window winders); stop switches; reverse light switches; clutch pedal switches; sensors for engines; flowmeters; lambda probes; ignition cables; starter solenoids; thermostats; warning alarms; balancing apparatus, vehicle tracking apparatus, safety, security, protection and signaling devices; fuel pressure regulators; passenger compartment fan resistors; passenger compartment fan regulators; central valves (variable valve timing solenoid valve); navigation apparatus and instruments, test apparatus and instruments, inspecting apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; control devices for air conditioning technology; lighting control devices and lighting control devices; all the aforementioned for the use in the automotive sector.
- 11 (3) Apparatus and installation for lighting, heating, cooling, steam generating, cooking, drying, ventilating and water supply purposes; heating apparatus; reflectors (vehicle-); motor vehicle lamps; lighting apparatus for vehicles; ventilating apparatus for vehicles; expansion valves (air-conditioning); all the aforementioned for the use in the automotive sector; radiators.
- 12 (4) Parts and fittings for vehicles; spare parts and components for vehicles; couplings and transmission components for vehicles; suspension, transmission and steering system components; structural components of vehicles; vehicle parts, namely suspension arms; vehicle parts, namely suspension joints; coupling sleeves (non-electric -) [parts of engines for land vehicles]; protecting strips (rubber -) for vehicle doors; safety rims of rubber for the mudguards of cars; rubber belts for land vehicle transmissions; windscreen wiper washer systems for land vehicles; power transmission parts [belts] for land vehicles; power transmission parts [other than belts] for land vehicles; differentials [land vehicle parts]; reservoirs (metal -) [parts of vehicles]; reservoirs (non-metallic -) [parts of vehicles]; shock absorbers being parts of vehicle suspension; antilock brake systems and components; suspension systems for land vehicles; hydraulic control systems for vehicles; motor drive units for land vehicles; powertrains, including engines and motors, for land vehicles; motors, electric, for land vehicles; motor land vehicle engines.

Services (Nice class & Statement)

- 35 (1) Advertising; sales promotion for others (commercial services); business management; procurement, for others, commercial intermediation, import-export agency services and retailing and wholesaling in shops and on internet in relation to the following goods: motors and engines, with the exception of engines and motors for land vehicles, machine coupling and transmission components, except

for land vehicles, automatic dispensers, fuel dispensing pumps, valves, valves for machines, valves for engines, ignition spark plugs; procurement, for others, commercial intermediation, import-export agency services and retailing and wholesaling in shops and on internet in relation to the following goods: electric dynamo machines, windscreen washer or wiper pumps, air-conditioning compressors, butterfly valves, turbocharger installation kits, starter motor, pulleys for alternators, vehicle radiators, alternator tensioners and rollers, turbosuperchargers and turbocharger parts kits; procurement, for others, commercial intermediation, import-export agency services and retailing and wholesaling in shops and on internet in relation to the following goods: high pressure pumps, water circulation pumps (auxiliary heating), intake manifolds (air supply), car intake manifolds, intake manifolds for motors and engines, cut-off devices (fuel injection); procurement, for others, commercial intermediation, import-export agency services and retailing and wholesaling in shops and on internet in relation to the following goods: fuel injectors for engines, intake manifold module, windscreen wiper motors, fuel pressure regulators, engine control units; procurement, for others, commercial intermediation, import-export agency services and retailing and wholesaling in shops and on internet in relation to the following goods: spark plug ignition wires, ignition devices for vehicles, circuit closers, oil pressure control switches, ignition switches, oil pressure switches (automatic transmission), temperature switches (coolant indicator); procurement, for others, commercial intermediation, import-export agency services and retailing and wholesaling in shops and on internet in relation to the following goods: temperature switches (radiator fan), air-conditioning pressure switches, window winder switches, stop switches, reverse light switches, clutch pedal switches, sensors for engines, liquid flow meters, lambda probes, ignition coils; procurement, for others, commercial intermediation, import-export agency services and retailing and wholesaling in shops and on internet in relation to the following goods: ignition cables, starter solenoids, and thermostats and lids, turbulence hood actuators (intake manifold); procurement, for others, commercial intermediation, import-export agency services and retailing and wholesaling in shops and on internet in relation to the following goods: alarms, gadgets, fuel pressure regulators, passenger compartment fan resistors, passenger compartment fan regulators, central valves (camshaft adjustment), central valves (variable valve timing solenoid valve), pressure control valves (common rail system); procurement, for others, commercial intermediation, import-export agency services and retailing and wholesaling in shops and on internet in relation to the following goods: control valves (camshaft adjustment), coolant control valves, expansion valves (air-conditioning), idle control valves (air supply and/or air intake control), fuel flow control valves (common rail system), stabiliser tanks (fuel pump); procurement, for others, commercial intermediation, import-export agency services and commercial wholesaling and retailing and on internet in

relation to the following goods: navigation apparatus and instruments, testing apparatus and instruments, inspecting apparatus and instruments, apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; procurement, for others, commercial intermediation, import-export agency services and retailing and wholesaling in shops and on internet in relation to the following goods: apparatus and installation for lighting, heating, cooling, steam generating, cooking, drying, ventilating and water supply purposes, heaters, radiators [heating]; procurement, for others, commercial intermediation, import-export agency services and retailing and wholesaling in shops and on internet in relation to the following goods: air-conditioning control elements, lighting control units, vehicle headlights, motor vehicle lamps, lighting apparatus for vehicles, ventilation apparatus for vehicles, parts and accessories for vehicles; procurement, for others, commercial intermediation, import-export agency services and retailing and wholesaling in shops and on internet in relation to the following goods: vehicle components and spares, couplings and transmission components for vehicles, cooling circuit components, escapements; procurement, for others, commercial intermediation, import-export agency services and retailing and wholesaling in shops and on internet in relation to the following goods: suspension, engine (mechanical), transmission and steering systems for vehicles, cooling circuits (parts of vehicles), thermostat water hoses (parts of vehicles); procurement, for others, commercial intermediation, import-export agency services and retailing and wholesaling in shops and on internet in relation to the following goods: expansion tanks (parts of vehicles), tank caps (parts of vehicles); procurement, for others, commercial intermediation, import-export agency services and retailing and wholesaling in shops and on internet in relation to the following goods: suspension arms (parts of vehicles), suspension ball joints (parts of vehicles), non-electric clutch sleeves (parts of motors and engines for land vehicles); procurement, for others, commercial intermediation, import-export agency services and retailing and wholesaling in shops and on internet in relation to the following goods: protecting strips (rubber -) for vehicle doors, safety rims of rubber for the mudguards of cars, rubber belts for land vehicle transmissions; procurement, for others, commercial intermediation, import-export agency services and retailing and wholesaling in shops and on internet in relation to the following goods: windscreen wiper washer systems for land vehicles, power transmission parts [belts] for land vehicles, power transmission parts (other than belts) for land vehicles, differentials [land vehicle parts]; procurement, for others, commercial intermediation, import-export agency services and retailing and wholesaling in shops and on internet in relation to the following goods: containers (of metal) (vehicle parts), containers (not of metal) (vehicle parts), shock absorbers being parts of vehicle suspension, antilock brake systems and components; procurement, for others, commercial intermediation, import-export agency

services and retailing and wholesaling in shops and on internet in relation to the following goods: suspension systems for land vehicles, hydraulic control systems for vehicles, motor drive units for land vehicles, powertrains for land vehicles, electric motors for land vehicles, land vehicle engines; procurement, for others, commercial intermediation, import-export agency services and retailing and wholesaling in shops and on internet in relation to the following goods: exhausts, supports for exhaust pipes, vehicle exhaust systems, silencers for exhausts; presentation of goods on communication media, for retail purposes; organisation of trade fairs and exhibitions for commercial or advertising purposes; all the aforementioned services for the use in the automotive sector.
