Vienna information (Code & Description)

3.6.1	Parts of the bodies of quadrupeds or of quadrumana, skeletons, skulls
A 3.6.7	Eyes of quadrupeds or of quadrumana
2.9.4	Eyes -- Note: Including eyes with or without eyebrows and eyes with tears.
26.1.1	Circles
26.1.5	More than two circles or ellipses, inside one another, spirals
A 26.1.24	Circles or ellipses with dark surfaces or parts of surfaces

Goods (Nice class & Statement)

12	(1) Aerodynamic wings for airplanes; aircraft; aircraft components of metal manufactured by additive manufacturing; aircraft doors; aircraft fuselages; aircraft landing gear; aircraft landing gear wheels; aircraft panels; aircraft parts, namely, pneumatic deicers for aircraft; aircraft propellers; aircraft steering systems; aircraft tires; aircraft windows and windshields, military vehicle windows, marine vehicle windows, rail vehicle windows; airplane landing gear wheels; airplane propellers; airplane seats; airplane spinners; airplane towing vehicles; airplanes; airport tractor tows and tugs used to tow baggage carts, baggage trains, and ground support equipment (gse) that is used to service aircraft; amphibious aircraft; amphibious airplanes; autonomous cars; autonomous land vehicles; autonomous underwater vehicles; autonomous underwater vehicles for seabed inspections; autonomous vehicles; bodies for aircraft; brakes for aircraft wheels; camera drones; civilian drones; delivery drones; drones for shipping goods; drones in the nature of hexacopters for agricultural use to survey crop health; ejector seats for aircraft; electrically powered aircraft; fuel tanks for aircraft; fuselages for aircraft; fuselages of aircraft; glider aircraft; helicopter blades; helicopters; inner tubes for aircraft tires; inner tubes for aircraft wheel tires; jet aircraft; joysticks for aircraft; landing gear for aircraft; landing gear wheels for aircraft; landing gear wheels of aircraft; light aircraft; military drones; photography drones; propeller airplanes; propeller blade protectors for aircraft; propellers for aircraft; remote controlled transportation robots; robotic cars; rotor blades for helicopters; self-driving cars; self-driving robots for delivery; spoilers for airplanes; structural parts for aircraft; structural parts for airplanes; structural parts for helicopters; tanker aircraft; tanker airplanes; tilt rotor aircraft; tiltrotor aircraft; tires for aircraft landing gear wheels; tires for aircraft wheels; tires for landing gear wheels for aircraft; tires for wheels of aircraft; tow trailers

for use with aircraft; transport robot vehicles for use in warehouses; turbo-jet airplanes; turbo-prop airplanes; tyres for aircraft; unmanned aerial vehicles (UAVs); unmanned ground vehicles [UGV]; unmanned underwater vehicles; wings for aircraft

Services **(Nice class & Statement)**

39 (1) Air charter services; air freight shipping services; air traffic control services; air transportation of freight; air transportation of goods; air transportation of passengers; air transportation of passengers and freight; air transportation of passengers and goods; air transportation services featuring a frequent flyer bonus programme; air transportation services for cargo; aircraft chartering; aircraft docking; aircraft ferrying services; aircraft parking; aircraft rental; airport passenger shuttle services between the airport parking facilities and the airport; airport ramp services, namely, fastening and anchoring aircraft to airport tarmacs; arranging, coordinating and controlling stopovers, transfer and transit of passengers, aircraft crew and their luggage; booking of tickets for air travel; chartering of aircraft; collection of packages by air; consultancy in the field of air transport; delivery of goods by air; delivery of parts to grounded aircraft via airplane; distributing plumbing fittings and plumbing fixtures by air, rail, ship and truck; expedited shipping and logistics services, namely, expedited parcel shipping services for ground, air and cross-border shipments; freight transportation by air; freight transportation consultation in the field of freight transportation by truck, rail, air and ocean; inspection of air vehicles prior to transport; issuing of tickets to passengers for travel by air, rail, ship, bus, tram and truck; leasing of aircraft; leasing of garage space; management of air traffic flow through advanced communications network and technology; packing, transportation of fresh fruits and vegetables by air, land and sea; passenger air transport; prepaid air ambulance transport services; priority boarding, check-in, seating and reservation services for frequent air travellers; providing flight crew services for operating aircraft; providing information relating to aircraft rental services; providing information relating to travel transportation by air; providing the delivery of cannabis, cannabis-related products, derivatives of cannabis and natural health products containing cannabis by mail order, by hand, by courier, by train, by truck and by air; providing the delivery of marijuana, marijuana-related products, derivatives of marijuana and natural health products containing marijuana by mail order, by hand, by courier, by train, by truck and by air; providing transport for excursions by air, rail, ship, bus, tram and truck; provision of transport information and advice for travel and travel by air, rail, ship, bus, tram and truck for leisure, recreation, tourism, holiday, and vacation travel; rental of aircraft; rental of aircraft engines; rental of aircraft hangar space; reservation and booking of transportation of goods by air, rail, ship, bus, tram and truck; shipping of goods and packages by truck, air, railway and ship; supply chain

	logistics and reverse logistics services consisting of the delivery of goods for others by air, rail, ship or truck; supply chain logistics and reverse logistics services consisting of the storage of goods for others by air, rail, ship or truck; supply chain logistics and reverse logistics services consisting of the transportation of goods for others by air, rail, ship or truck; supply chain logistics and reverse logistics services for the delivery of goods for others by air, rail, ship or truck; supply chain logistics and reverse logistics services for the delivery, transportation and storage of goods for others by air, rail, ship or truck; supply chain logistics and reverse logistics services for the storage of goods for others by air, rail, ship or truck; supply chain logistics and reverse logistics services for the transportation of goods for others by air, rail, ship or truck; supply chain logistics and reverse logistics services, namely, delivery of documents, packages, raw materials, and other freight for others by air, rail, ship or truck; supply chain logistics and reverse logistics services, namely, storage of documents, packages, raw materials, and other freight for others by air, rail, ship or truck; supply chain logistics and reverse logistics services, namely, storage, transportation and delivery of goods for others by air, rail, ship or truck; supply chain logistics and reverse logistics services, namely, transportation of documents, packages, raw materials, and other freight for others by air, rail, ship or truck; transport and delivery of consumer goods by air, rail, ship and truck; transport of goods and passengers by air, rail, ship, bus, tram and truck; transport of parcels by air; transportation of deceased persons by air; transportation of goods, passengers and travellers by air; transportation of mechanics to grounded aircraft via airplane; transportation of passengers and cargo by air; transportation of passengers and goods by air; transportation of patients by air ambulance
42	(2) Advice relating to the design of computer software; advisory services in the field of product development and quality improvement of software; aerospace engineering; aerospace engineering services for the development of software for unmanned aerospace vehicles; aerospace exploration and research; aircraft design; aircraft engine oil analysis; aircraft inspection services; aircraft operating system software security services; aircraft testing services; artificial intelligence consultancy; computer programming and software design; computer software advisory services; computer software consultancy; computer software consulting; computer software design and development; computer software design services; computer software engineering; computer software installation and maintenance; computer software programming services; computer software project management services; computer software system design; computer software technical support services; computer technology consultation in the field of machine learning and artificial intelligence; conducting research, development and evaluations in the field of sustainable aircrafts; conducting scientific research on electric vertical take-off and landing (evtols) aircrafts; consultancy in the design and development of computer software; consultancy in the

field of software design; consultancy relating to the updating of computer software; consultancy services in the field of computer software development; consultation and research in the field of aerospace engineering; design and development of artificial intelligence-based robotic systems for aerospace exploration and research; design and development of computer software development tools in the field of artificial intelligence; design of computer programs and software for aircraft dashboards; design of patterns for application to aircraft propellers; engineering consulting services in the field of aerospace engineering; providing in service support for others in the field of civilian aviation electronic systems and aircraft components; providing in service support for others in the field of military aviation electronic systems and aircraft components; providing information in the field of aerospace electronics via an interactive website; providing information on aftermarket logistic support for aircraft parts; providing non-downloadable computer software for use in quality assurance of the services of others in the aerospace industry; providing non-downloadable computer software for use in reporting computer problems in the aerospace industry; research and development in the field of aerospace; research in the field of aerospace engineering; scientific research consulting in the field of aerospace exploration; scientific research for medical purposes in the field of aerospace exploration; technical consulting in the field of aerospace engineering; testing of prototypes in the field of aerospace engineering
