Goods (Nice class & Statement)

- 7 (1) Reactors for gas-gas reactions; reactors for gas-solids reactions; reactors for reactions between gasses, liquids and/or solids.
- 11 (2) Catalytic oxidizers for industrial air pollution control; thermal oxidizers for industrial air pollution control; electrostatic precipitators for cleaning gases; installations for the burning off of gases; gas cleaners and purifiers; gas cleaners and purifiers; installations for the collection of gases; scrubbing towers for the purification of gases; scrubbing columns for the purification of gases; filters for gases [household or industrial installations]; filters for cleaning gases [parts of household or industrial installations]; fire ventilators for exhausting gases; catalytic oxidisers for the industrial-gas control; thermal oxidisers for the industrial-gas control; installations and apparatus for the burning off of gases; installations and apparatus for the burning off, oxidation, discharge and storage of gases; installations and apparatus for the collection of gases.

Services (Nice class & Statement)

- 35 (1) Online retail and wholesale services and import-export agency services relating to catalytic oxidisers for industrial air pollution control, thermal oxidisers for industrial air pollution control, electrostatic precipitators for cleaning gases; online retail and wholesale services and import-export agency services relating to installations for the burning off of gases, reactors for gas-gas reactions, reactors for gas-solids reactions, gas cleaners and purifiers, apparatus for the purification of gases; online retail and wholesale services and import-export agency services relating to installations for the collection of gases, scrubbing towers for the purification of gases, scrubbing columns for the purification of gases, filters for gases [household or industrial installations]; online retail and wholesale services and import-export agency services relating to filters for cleaning gases [parts of household or industrial installations], fire ventilators for exhausting gases; provision of an online marketplace for buyers and sellers of goods and services; retail, wholesale, import and export agency services relating to catalytic oxidisers for industrial-gas control, thermal oxidisers for industrial-gas control and electrostatic precipitators for cleaning gases; retail, wholesale, import and export agency services relating to installations and apparatus for the burning off of gases, installations and apparatus for the burning off, oxidation, discharge and storage of gases, reactors for

reactions between gases, reactors for gas-gas reactions, reactors for reactions between gases, liquids and/or solids, gas cleaners and purifiers and apparatus for the purification of gases; retail, wholesale, import and export agency services relating to installations and apparatus for the collection of gases, scrubbing towers for the purification of gases and scrubbing columns for the purification of gases; retail, wholesale, import and export agency services relating to filters for gases [household or industrial installations], filters for cleaning gases [parts of household or industrial installations] and fire ventilators for exhausting gases; compilation of environmental information and the preparation and maintenance of environmental statistics.

37 (2) Installation, maintenance and repair services relating to installations and apparatus for the burning off of gases; installation, maintenance and repair services relating to installations and apparatus for the burning off, oxidation, discharge and storage of gases and/or liquids.

40 (3) Incineration of gases; gas production services; treatment of hazardous gases; purification of gases; rental of equipment for the treatment and transformation of materials, for energy production and for custom manufacturing; clean energy production; energy production; energy production; burning off and oxidation of gases; rental of installations and apparatus for the burning off of gases; rental of installations and apparatus for the burning off, oxidation, storage and discharge of gases and /or liquids; generation of energy from the burning off of gases.

42 (4) Scientific and technological services and research and design services relating thereto; industrial analysis, industrial research and industrial design; quality control and authentication; engineering services; quality assessment; research and development services; quality control; engineering services relating to environmental technology; technical consulting in the field of environmental engineering; consultancy in the field of energy-saving; research in the field of environmental protection; environmental testing of exhaust emissions; advisory services relating to environmental pollution; consultation in environment protection; provision of scientific information, advice and consultancy in relation to carbon offsetting; technical research in the field of carbon offsetting; the aforesaid services in particular in the field of or related to the emission of gases including nitrogen, carbon monoxide and carbon dioxide.

Claims

Priority Filing Date: November 06, 2024, Country or Office: EUIPO (EU), Application No. 019102155 in association with the same kind of goods and in association with the same kind of services (1),(3)

Priority Filing Date: January 14, 2025, Country or Office: EUIPO (EU), Application No. 019131092 in association with the same kind of goods and in association with the same kind of services
