Vienna information (Code & Description)

- | | |
|----------|---|
| 26.3.1 | One triangle |
| 27.5.1 | Letters presenting a special form of writing |
| A 27.5.8 | Letters linked to or containing a figurative element -- Note: Letters representing a human being or a part of the human body, an animal or a part of an animal's body, a plant, a heavenly body, a natural phenomenon or an object are classified in division 27.3. |
| 29.1.6 | White, grey, silver |
| 29.1.2 | Yellow, gold |
| 29.1.8 | Black |

Colour claim

Colour is claimed as a feature of the trademark. The colours white, yellow and black are claimed as features of the trademark. The words "CAT" and "Compact" are in white, the triangle is yellow and the background square is black.

Goods (Nice class & Statement)

- | | |
|---|--|
| 7 | (1) Machines for use in agriculture, construction, compaction, demolition, paving, waste and landfill, earth moving, forestry, livestock production, landscaping, scrap and recycling, underground utilities, petroleum, quarry, pipeline, material handling, civil engineering, snow removal, land improvement, manufacturing, mining, stevedoring, and railroad maintenance; concrete construction machines; road construction machines; telehandlers, dozers, bulldozers, excavators, loaders, road paving machines, concrete paving machines, steam rollers, road rollers, soil compacting machines, landfill compacting machines; wheel loaders; front end loaders; coal loaders; loading and unloading machines; loader buckets for excavators; hydraulic excavators; earth moving machines, namely, excavators; soil compactors; landfill compactors; road rollers; tamping rollers; road paving machines; screed machines; earth moving machines, namely, graders; skid-steer loaders; machine tools for construction, compacting and paving; parts, fittings and components for machines for use in agriculture, construction, compaction, construction, demolition, paving, waste and landfill, earth moving, forestry, livestock production, landscaping, scrap and recycling, underground utilities, petroleum, quarry, pipeline, material handling, civil engineering, snow |
|---|--|

9

removal, land improvement, manufacturing, mining, stevedoring, and railroad maintenance; concrete construction machines; road construction machines

(2) Downloadable computer software for providing information related to operation and maintenance of machines for use in agriculture, construction, compaction, demolition, paving, waste and landfill, earth moving, forestry, livestock production, landscaping, scrap and recycling, underground utilities, petroleum, quarry, pipeline, material handling, civil engineering, snow removal, land improvement, manufacturing, mining, stevedoring, and railroad maintenance; downloadable software in the nature of a mobile application for machines and machine tools for use in agriculture, construction, compaction, demolition, paving, waste and landfill, earth moving, forestry, livestock production, landscaping, scrap and recycling, underground utilities, petroleum, quarry, pipeline, material handling, civil engineering, snow removal, land improvement, manufacturing, mining, stevedoring, and railroad maintenance; computer hardware for the collection, transmission, and processing of data of machines and vehicles for use in agriculture, construction, compaction, demolition, paving, waste and landfill, earth moving, forestry, livestock production, landscaping, scrap and recycling, underground utilities, petroleum, quarry, pipeline, material handling, civil engineering, snow removal, land improvement, manufacturing, mining, stevedoring, and railroad maintenance; measuring apparatus and instruments related to machines and vehicles for use in construction, paving, and compaction; electronic control units; accelerometers; data processing apparatus; data processing equipment; onboard computers for machines in agriculture, construction, compaction, demolition, paving, waste and landfill, earth moving, forestry, livestock production, landscaping, scrap and recycling, underground utilities, petroleum, quarry, pipeline, material handling, civil engineering, snow removal, land improvement, manufacturing, mining, stevedoring, and railroad maintenance; satellite-aided navigation systems; vibration sensors; temperature sensors; infrared sensors; pressure sensors; telematic apparatus for machines and vehicles for use in agriculture, construction, compaction, demolition, paving, waste and landfill, earth moving, forestry, livestock production, landscaping, scrap and recycling, underground utilities, petroleum, quarry, pipeline, material handling, civil engineering, snow removal, land improvement, manufacturing, mining, stevedoring, and railroad maintenance

12

(3) Land vehicles and structural parts therefor; land vehicles namely, land vehicles for use in construction, paving and compaction; vehicles and apparatus for locomotion by land, air or water for use in agriculture, construction, compaction, demolition, paving, waste and landfill, earth moving, forestry, livestock production, landscaping, scrap and recycling, underground utilities, petroleum, quarry, pipeline, material handling, civil engineering, snow removal, land improvement, manufacturing, mining, stevedoring, and railroad

maintenance; trucks; parts, fittings and components for agriculture, construction, compaction, demolition, paving, waste and landfill, earth moving, forestry, livestock production, landscaping, scrap and recycling, underground utilities, petroleum, quarry, pipeline, material handling, civil engineering, snow removal, land improvement, manufacturing, mining, stevedoring, and railroad maintenance

Services (Nice class & Statement)

- 35 (1) Retail store services featuring vehicles, equipment, machinery and machine tools for use in agriculture, construction, compaction, demolition, paving, waste and landfill, earth moving, forestry, livestock production, landscaping, scrap and recycling, underground utilities, petroleum, quarry, pipeline, material handling, civil engineering, snow removal, land improvement, manufacturing, mining, stevedoring, and railroad maintenance and parts therefor; online retail store services featuring machinery and vehicles for use in agriculture, construction, compaction, demolition, paving, waste and landfill, earth moving, forestry, livestock production, landscaping, scrap and recycling, underground utilities, petroleum, quarry, pipeline, material handling, civil engineering, snow removal, land improvement, manufacturing, mining, stevedoring, and railroad maintenance and parts therefor
- 37 (2) Installation maintenance, servicing and repair of vehicles, equipment, machinery and machine tools for use in agriculture, construction, compaction, demolition, paving, waste and landfill, earth moving, forestry, livestock production, landscaping, scrap and recycling, underground utilities, petroleum, quarry, pipeline, material handling, civil engineering, snow removal, land improvement, manufacturing, mining, stevedoring, and railroad maintenance and parts therefor; rental of vehicles, equipment, machines, tools, and apparatus for use in agriculture, construction, compaction, demolition, paving, waste and landfill, earth moving, forestry, livestock production, landscaping, scrap and recycling, underground utilities, petroleum, quarry, pipeline, material handling, civil engineering, snow removal, land improvement, manufacturing, mining, stevedoring, and railroad maintenance; rental of and machine tools for use in agriculture, construction, compaction, demolition, paving, waste and landfill, earth moving, forestry, livestock production, landscaping, scrap and recycling, underground utilities, petroleum, quarry, pipeline, material handling, civil engineering, snow removal, land improvement, manufacturing, mining, stevedoring, and railroad maintenance
- 42 (3) Providing temporary use of a non-downloadable web application for providing information related to operation and maintenance of vehicles, equipment, machinery and machine tools for use in agriculture, construction, compaction, demolition, paving, waste and landfill, earth moving, forestry, livestock production, landscaping, scrap and recycling, underground utilities, petroleum, quarry,

pipeline, material handling, civil engineering, snow removal, land improvement, manufacturing, mining, stevedoring, and railroad maintenance and parts therefor; software as a service [SaaS] services featuring software for providing information related to operation and maintenance of vehicles, equipment, machinery and machine tools for use in agriculture, construction, compaction, demolition, paving, waste and landfill, earth moving, forestry, livestock production, landscaping, scrap and recycling, underground utilities, petroleum, quarry, pipeline, material handling, civil engineering, snow removal, land improvement, manufacturing, mining, stevedoring, and railroad maintenance and parts therefor; design and development of computer hardware and software; design and development of computer software applications; computer software design services; testing the functionality of vehicles, equipment, machinery and machine tools for use in agriculture, construction, compaction, demolition, paving, waste and landfill, earth moving, forestry, livestock production, landscaping, scrap and recycling, underground utilities, petroleum, quarry, pipeline, material handling, civil engineering, snow removal, land improvement, manufacturing, mining, stevedoring, and railroad maintenance and parts therefor; analysis and testing services relating to vehicles, equipment, machinery and machine tools for use in agriculture, construction, compaction, demolition, paving, waste and landfill, earth moving, forestry, livestock production, landscaping, scrap and recycling, underground utilities, petroleum, quarry, pipeline, material handling, civil engineering, snow removal, land improvement, manufacturing, mining, stevedoring, and railroad maintenance and parts therefor
