EXPONENTIAL TECHNOLOGY GROUP

Services (Nice class & Statement)

35 (1) Distributorship services in the field of electronics and electronic components; distributorship services in the field of semiconductors; distributorship services featuring electronic components, semiconductors; retail services provided by means of mail order catalogues featuring electronic components; retail services provided by means of mail order catalogues featuring semiconductors; advertising and retail services provided through electronic catalogues featuring electronic components; electronic catalog services featuring semiconductors; electronic commerce services, namely, providing information about products via telecommunication networks for advertising and sales purposes; electronic commerce services, namely, providing information about semiconductors via telecommunication networks for advertising and sales purposes; online wholesale and retail store services featuring electronic components provided by means of a general merchandise website on the global or local telecommunications network; online wholesale and retail store services featuring semiconductors provided by means of a general merchandise website on the global or local telecommunications network; wholesale and retail store services featuring electronic components provided by means of mail order catalogs; wholesale and retail store services featuring electronic components provided by means of telephone, facsimile, and mail order; wholesale and retail store services featuring semiconductors provided by means of mail order catalogs; wholesale and retail store services featuring semiconductors provided by means of telephone, facsimile, and mail order; the bringing together, for the benefit of others, of a variety of goods, namely, electronic components for computers, electronic components in the nature of semiconductors, semiconductor modules, diodes, rectifiers, thyristors, transistors, embedded processors and controllers, integrated circuits, circuit breakers, circuit protection kits, suppressors, diodes, fuse holders, fuses, gas discharge tubes, arrestors, LED protection devices, power outlet strips, thermal cutoffs, thermistors, varistors, electronic components in the nature of audio and video connectors, automotive connectors, backplane connectors, board to board connectors, mezzanine connectors, card edge connectors, circular connectors, data bus components, d-sub connectors, fiber optic connectors, wire housings, electronic component sockets, junction systems, terminals, electronic components for use in circuit protection, electromechanical applications, embedded electronic solutions, engineering development tools, engineering

development kits, industrial automation, LED lighting, optoelectronics, circuit protection, electronic components in the nature of audio devices, encoders, modules, knobs, dials, motors, drives, printers, relays, switches, accelerator cards, audio modules, data conversion modules, display modules, energy harvesting modules, Ethernet and communication modules, interface modules, power management modules, sensor modules, video modules, wireless modules, RF modules, connectors, electronic enclosure boxes and cases, electronic racks and cabinets, passive components, power cords, controllers, counters, tachometers, industrial relays, solenoids, sensors, switches, terminal blocks, input devices, joysticks, timers, LED emitters, LED modules, lighting connectors, electronic components in the nature of optoelectronics, namely, backlighting components, cameras, displays, drivers, fiber optic components, lamps, holders, lasers, LED emitters, LED indicator components, optical detectors, optical sensors, optical switches, optocouplers, photocouplers, passive electronic components in the nature of antennas, audio transformers, signal transformers, capacitors, EMI filters, EMI suppression components, encoders, ferrites, filters, frequency control and timing devices, inductors, chokes, coils, potentiometers, trimmers, rheostats, resistors, signal conditioning components, electronic components in the nature of power cords, power entry modules, power plugs and receptacles, batteries, battery chargers, battery holders, battery clips, battery contacts, power convertors, power inverters, solar panels, solar cells, super capacitors, transformers, electronic components in the nature of audio sensors, biometric sensors, capacitive touch sensors, current sensors, encoders, environmental sensors, flow sensors, force sensors, load cells, linear displacement sensors, liquid level sensors, magnetic sensors, motion sensors, position sensors, optical sensors, pressure sensors, proximity sensors, sensor development tools, temperature sensors, electronic components for thermal management, namely, fans, blowers, heat sinks, temperature sensors, thermal cutoffs, thermal interface products, thermal substrates, thermistors, and electronic components in the nature of wires, cables, enabling customers to conveniently view and purchase those goods from a general merchandise website on the global or local telecommunications network, and from a general merchandise catalog by mail order, telephone order, and facsimile order.
