FAUNA ROBOTICS

Goods (Nice class & Statement)

- | | |
|---|---|
| 7 | (1) Industrial robots; industrial robots for identifying, detecting, selecting, moving, lifting, and handling goods; structural and replacement parts and components for robots. |
| 9 | (2) Downloadable computer software; downloadable computer software for robots, robot sensors, and programmable robotic tools; downloadable computer software for programming, designing, monitoring, managing, operating, and controlling robots, robot sensors, and programmable robotic tools; downloadable software development tools; downloadable software development tools for use in robotics; downloadable application programming interface (API) software; downloadable application programming interface (API) software for robots, robot sensors, and programmable robotic tools; user programmable humanoid robots, not configured; humanoid robots with communication and learning functions for assisting and entertaining people; humanoid robots with artificial intelligence having communication and learning functions for assisting and entertaining people; humanoid robots with artificial intelligence for use in scientific research; humanoid robots having communication and learning functions for caretaking in the nature of assisting people; humanoid robots with artificial intelligence for home use, namely, for home security, home monitoring, monitoring of individuals and pets, monitoring of medical conditions, entertainment of pets, and schedule assistance; security surveillance, teaching, and telepresence robots; tactical robots. |

Services (Nice class & Statement)

- | | |
|----|---|
| 38 | (1) Rental of telepresence robots. |
| 42 | (2) Providing temporary use of online non-downloadable computer software; providing temporary use of online non-downloadable computer software for robots, robot sensors, and programmable robotic tools; providing temporary use of online non-downloadable computer software for programming, designing, monitoring, managing, operating, and controlling robots, robot sensors, and programmable robotic tools; providing temporary use of online non-downloadable software development tools; providing temporary use of online non-downloadable software development tools for use in robotics; providing temporary use of online non-downloadable application programming interface (API) software; providing temporary use of online non-downloadable application programming interface (API) software for robots, robot sensors, and programmable |

robotic tools; design of robotics systems; design of robotics systems comprised of robots, software, and hardware for identifying, detecting, selecting, moving, lifting, delivering, and handling goods; technological consulting services in the field of robotics; engineering services in the field of robotics; rental of robots; rental of user-programmable humanoid robots, not configured; rental of humanoid robots with artificial intelligence.

Claims

Priority Filing Date: March 31, 2026, Country or Office: JAMAICA, Application No. 0097060 in association with the same kind of goods and in association with the same kind of services
