Goods (Nice class & Statement)

- | | |
|---|--|
| 1 | (1) Additives, chemical, to motor fuel; chemical additives for fuel; chemical preservatives for use as corrosion inhibitors on automobile exhaust systems; mastic for tires; Paste fillers for automobile body repair; polyurethane adhesives; |
| 3 | (2) Automobile detergent; cleaning preparations for leather; cloths impregnated with a detergent for cleaning; leather polish; |
| 4 | (3) Automobile lubricating grease; automobile lubricating oil; automotive lubricant; belting wax; dust removing preparations; fuel for motor vehicles; leather preserving oil and grease; tire mounting lubricant; tire mounting paste; |
| 6 | (4) Belt stretchers of metal; bolts of metal; box fasteners of metal; chains of metal; collars of metal for fastening pipes; door handles of metal; door pulleys of metal; fence panels of metal; frames of metal for sliding doors; gratings of metal; locks of metal for vehicles; metal runners for sliding door; metal safes; metallic nozzles for cleaning the headlights on both the left and right sides of a car; nozzles of metal; nuts of metal; partitions of metal; pipe muffs of metal; poles of metal; screws of metal; shims; stop collars of metal; tool boxes of metal, empty; water-pipes of metal; |
| 7 | (5) Air conditioning compressor clutch kits with electromagnetic coils for vehicles; air filters for car engines; air filters being parts of engines; alternator freewheel clutch; aprons being parts of machines; automobile engine valve covers; automobile oil pans; belt pulleys being parts of machines; brake shoes for vehicles; brakes for industrial machines; bushings being parts of machines; camshaft adjusters for vehicle motors and engines; camshafts; carburetors; catalytic converters; chain tensioner adjuster for vehicle engine; cham chains; clutches for industrial machinery; compressors for air-conditioners; control valves for regulating the flow of gases and liquids; cooling radiator pipes for motors and engines; cooling water tanks for automobile engines; couplings for machines; cowlings [parts of machines]; crank shafts; crankshaft pulley; cylinder heads for engines; diesel oil filters being parts of engines; disc brakes being parts of machines; drive pulleys; dynamos; electric hammers; electric opening mechanisms for vehicle windows; electric screwdrivers; electric window closers; engine cooling radiators; engine fuel pumps; engine parts, namely, oil dipsticks; engine timing components, namely, cam chains; exhaust gas recirculation tubes for vehicle engines; exhaust manifold for engines; expansion tanks; fan clutch for automobile engines; fans for machine engines; fans for motors and engines; flywheels for automobile engines; fuel filter housing; fuel filter; fuel pressure regulators for |

	vehicles; fuel rails for engines; gasoline pumps for automobile engines; generators of electricity; hydraulic intensifiers being parts of machines; hydraulic pumps; hydraulic tappets for engines; hydraulic torque wrenches; hydraulic accumulators being parts of machines; hydraulic rams; idling pulleys being parts of machines; ignition coil kits for vehicle engines; ignition distributors for vehicle engines; ignition coils for automotive engines; ignition devices for motors of land vehicles; injectors for engines; intake manifold flap actuator; intake manifold for motors and engines; internal combustion engines land vehicle parts, namely, distributor caps; lubricating pumps; lubricating reservoir tanks being parts of machines; machine belt pulleys; machine parts, namely, gear drives; machine pulleys; metal pulleys being parts of machines; oil cooler for motors and engines; oil cooler lines for automobile engines; oil filter housing; oil separators; oil coolers for engines; oil filters for engines; oil pumps for automobile engine; oil pumps for automobiles; pistons; power steering pump pulley; pressure regulating valves; pulley; pumps [parts of machines, engines or motors]; radiator fan shrouds for vehicle engines; regulators being parts of machines; rocker arms for engines; shaft couplings for machines; shock absorbers for machines; sparking plugs for engines; speed governors for engines and motors; speed governors for machines, engines and motors; springs being parts of machines; starters for motors and engines; steam and oil separators; steam condensers being parts of machines; supercharger snout rebuild kits for vehicle motors and engines; thermostat assemblies for vehicle engines; timing chain gear; timing belts for motors and engines; timing belts for machines; transmission shafts for boats; transmission throttle valve actuator; turbocharger oil line; turbochargers for motors; vacuum pumps; valve lifters for vehicle engines; valves being parts of machines operated; valves being parts of machines; vehicle engine parts, namely, crankcase breathers; vehicle engine parts, namely, intercoolers; vehicle washing installations; water pumps for automobiles; water pumps for motors and engines;
8	(6) Adjustable wrenches; awls; crowbars; hand-operated expansion tool for use on pipes; hand-operated hammers; non-electric screwdrivers; pliers being hand tools; screwdrivers; socket wrenches; spanners; wrenches;
9	(7) ABS sensor; acceleration sensors; adapter plugs; air intake manifold runner control sensor; automatic indicators of low pressure in tires; battery current sensor; biometric locks; blind spot radar sensor; brake pad wear sensor; calipers; camshaft position sensor; car aerials; circuit boards; control units for regulating start-up electrical motors; crankshaft position sensor; current limiters; current rectifiers; DC/AC inverters; differential switches; electric cables; electric coils; electric control devices for heating management; electric current switches; electric flasher switches; electric light switches; electric locks for vehicles; electric power switches; electric relays; electric rotary switches; electric tactile switches; electric toggle switches; electric wire harnesses for automobiles; electric cables and wires; electric control panels; electrical control

	device; electrical control panels; electrical resistors; electromagnetic valves; electronic door locks; electronic control systems for automobile brakes; electronically operated high security lock cylinders; flowmeters; fuel injection control module; fuel sensor; fuel gauge; fuse wire; galvanic batteries for automobiles; gas testing instruments; gear selector position sensor; gloves for protection against accidents; headlight level sensor; high gear lock up switch kit; humidistat; ignition switch actuator; insulated copper electrical wire; insulating gloves for protection against accidents; inverters for electric vehicles; keyless ignition switch systems for automotive vehicles; knock sensor; laser-emitting devices for projecting targets when parking vehicles; light switches; lighting ballasts; liquid level sensors; luminous warning signs; nitrogen oxide sensor; oil level indicators for vehicles; oil level sensors; oxygen sensor; parking sensors for vehicles; photovoltaic inverters; power inverters; power switches; pressure sensors; pressure transmitters; radiator cooling fan control modules for automobiles; rearview cameras for vehicles; remote control starters for vehicles; resonators for motor vehicles; ride height level sensor; scanners for performing automotive diagnostics; solenoid valves; speed sensor; temperature sensors; temperature switches; thermostats; throttle position sensor; tire pressure gauges; touch screens; vehicle dipsticks; volenoid valves for vehicle engines; voltage regulators; voltage surge protectors; washer sensor;
11	(8) Air conditioners for vehicles; air filters for air-conditioning units; air-conditioning units; automobile lights; cooling registers; defrosters for vehicles; drying apparatus for use in heating, ventilation systems, air conditioning systems and refrigeration systems; evaporators for air conditioners; heaters for vehicles; lamps; lampshades; light bulbs for directional signals for vehicles; portable refrigerators; radiator caps; refrigerators; turn signal light lenses for automobiles; vehicle headlights; ventilating exhaust fans; ventilation hoods;
12	(9) Air pumps for automobiles; air suspension compressor cover; air-intake tubes and filters for after-market installation of automotive engines; anti-skid chains; auto accessories, namely, side mirror protective and vanity covers; automatic gear boxes for land vehicles; differential gears for land vehicles; drive gears ; automatic gear boxes for land vehicles; automobile bodies; automobile chassis; automobile radiator grills; automobile dashboards; automobile door handles; automotive conversion kits comprised of intake manifold brackets, gaskets and bolts to make structural changes to an automobile; automotive conversion kits comprised of clutch fork boot to make structural changes to an automobile; automotive conversion kits comprised of clutch fork with ball retaining spring to make structural changes to an automobile; automotive conversion kits comprised of flywheel inspection cover to make structural changes to an automobile; automotive conversion kits comprised of standard clutch fork pivot ball to make structural changes to an automobile; automotive interior paneling; automotive interior trim; automotive structural parts, namely, self-

sealing tanks for fuel storage, coolant storage, oil storage, and/or water storage; axle bearings for motor vehicles; axles and cardan shaft for motor vehicles; axles for land vehicles; balance weights for vehicle wheels; belt pulleys for land vehicles; idling pulleys for land vehicles; block brakes for land vehicles; brake cylinder repair kits, sold as a unit for land vehicles; brake cylinders; brake discs for vehicles; brake drums for vehicles; brake levers for land vehicles; brake pads for vehicles; brake shoes for land vehicles; brake shoes for vehicles; brake systems for land vehicles; brakes for motor vehicles; bumpers for automobiles; caps for vehicle fuel tanks; caps for wheel rims; car body panel; car seat covers; clips adapted for fastening automobile parts to automobile bodies; clutch bellhousing; clutch mechanisms for automobiles; clutches for motor vehicles; connecting rods for land vehicles, other than parts of motors and engines; convertible tops for vehicles; couplings for land vehicles; cup holders for use in vehicles; dash air vents for automobiles; differential gear and clutch pack kits for automobiles; differential gears for land vehicles; direction signals for automobiles; drive shaft center support bearings for vehicles; driving motors for land vehicles; engine cover case; engine mounts for land vehicles; engine valve covers for land vehicles; fitted car seat covers; fitted covers for vehicle folding roof hoods; fitted tonneau truck bed covers; fitted vehicle covers for automobiles for the purpose of shielding brakes from dust; fitted covers for motorcycles; fitted vehicle covers for automobiles; front axle housing; front axle shaft bearing repair kits for vehicles; fuel lines for vehicles; fuel tank; fuel tanks for vehicles; gear shift knobs for vehicles; handbrake knobs for vehicles; hoods for vehicle engines; horns for motor vehicles; hubcap; hubs for automobile wheels; HVAC blend door actuators for automobiles; hydraulic torque converters for land vehicles; interior trim parts for automobiles; land vehicle parts, namely, fender flares; land vehicle parts, namely, windshields; land vehicles and structural parts therefor; luggage racks for automobiles; manual 4WD actuator kits for automobiles; metal locking device for trailer hitch couplers; motorcycle accessories, namely, gas tank and radiator shrouds; motorcycle handlebars; motors for land vehicles; mudguards; parts of motorcycles, namely, brake calipers; parts of motorcycles, namely, clutch master cylinder assemblies; plastic body; plastic parts for vehicles, namely, automotive exterior and interior plastic extruded decorative and protective trim; pneumatic or hydraulic linear actuators for land vehicles; power liftgate actuators for automobiles; radiator shrouds; rear axle housing; rearview mirrors; reversing gears for land vehicles; seat adjustment handles for automobiles; seat belt buckles; seat covers for vehicles; shift mechanisms mounted on steering columns for land vehicles; shock absorbers for automobiles; side shields as structural parts of vehicles; sill plates for automobile doors; spare tire carriers for vehicles; spoilers for vehicles; spoilers for automobiles; steering rack and pinion assemblies for automobiles; steering wheels; storage box cover; structural parts for vehicles, namely, brackets for mounting

	vehicle lights; structural parts for vehicles, namely, hood latch support brackets; sun visors for automobiles; sun-blinds adapted for automobiles; torsion bars for land vehicle suspensions; tow hook; tow bars for trailers; trailer couplings; trailer hitches for vehicles; transmission overdrive extension housing; transmission shafts for land vehicles; transmission mechanisms for land vehicles; undercarriages for vehicles; upholstery for vehicles; upper radiator supports being parts of vehicles; vehicle bonnet pins; vehicle dashboards; vehicle hood pins; vehicle joysticks; vehicle parts, namely, brake dust shields; vehicle parts, namely, detachable plastic rear windows for convertible vehicles; vehicle parts, namely, hydraulic brake boosters; vehicle parts, namely, lift supports; vehicle parts, namely, power steering hoses; vehicle parts, namely, power steering pumps; vehicle parts, namely, transfer cases; vehicle parts, namely, truck cargo bed side panels, manual tailgates for lorries; vehicle parts, namely, vacuum brake boosters; vehicle running boards; vehicle seat cushions; vehicle seats; vehicle suspension springs; vehicle wheel hubs; washer pumps for automobiles; wheel covers; wheel hub bearings for land vehicles; windscreen wipers; windshield wipers;
16	(10) Bumper stickers; decorative stickers for vehicle wheels; decorative stickers for vehicles; paper wipes for cleaning;
17	(11) Clutch linings; connecting hose for vehicle radiators; electrical insulators made of rubber; flexible connectors, namely, silicone and rubber junctions for flexible pipes, hoses, and tubing; flexible connectors, namely, silicone and rubber junctions for hoses; flexible tubes of plastic; hoses for air conditioners made of plastic; hoses for air conditioners made of rubber; O-rings; pipe muffs, not of metal; plastic strips for use as decorative trim on vehicles; rubber thread and covered rubber yarn; rubber sleeves for protecting parts of machines; sealant compounds for joints; sealing and insulating materials; sealing gaskets of metal; shock-absorbing buffers of rubber; stuffing of rubber and plastics; waterproof packaging for convertible tops;
19	(12) Automotive exterior trim part, namely, bezel for parking sensor for vehicles; crash barriers not of metal; fences, not of metal; laths, not of metal; non-metal door panel; sills, not of metal;
20	(13) Collars, not of metal, for fastening pipes; containers, not of metal, for transport; containers, not of metal, for storage; latches, not of metal; liquid storage tanks, not of metal or masonry; locks, not of metal, for vehicles; non-metal clips for general use; non-metal storage boxes for general use; non-metal threaded fasteners; non-metal door handles; nozzles, not of metal; plastic shipping and storage boxes; pulleys of plastics for blinds; runners, not of metal, for sliding doors; tool chests, not of metal, empty; tool boxes, not of metal, empty; water bottle lids and caps;
21	(14) Cleaning cloth; closures for pot lids; potholders; watering cans;
25	(15) Athletic tops; casual shirts; dress shirts; driving gloves; gloves; hats; head bands; head scarves; knit tops; tank-tops; t-shirts;

27 (16) Carpets for automobiles; floor mat; floor mats for vehicles; non-slip floor mats;

Services (Nice class & Statement)

35 (1) Business management consulting in the field of retail sale of the goods and services of others; promoting the goods and services of others through all public communication means; promotion of goods and services for others through the global computer network; providing business information in the field of automobiles via a website; providing product sales rankings information; sales promotion of products and services for others through advantage programs for customers;
