Goods (Nice class & Statement)

9 (1) Spectacles; spectacle chains; spectacle lenses; spectacle cords; spectacle frames; spectacle cases; acoustic conduits; acoustic couplers; alarms; alidades; breathalyzers; animated cartoons; asbestos clothing for protection against fire; shoes for protection against accidents, irradiation and fire; safety tarpaulins; teeth protectors; protective face shields for workers; clothing for protection against accidents, irradiation and fire; clothing for protection against fire; headgear being protective helmets; protective suits for aviators; motorcyclists' clothing for protection against accident or injury; goggles for sports; protective helmets for sports; safety nets; anti-interference devices [electricity]; voltage surge protectors; safety helmets; asbestos gloves for protection against accidents; insulating gloves for protection against accidents; airbags for safety purposes for fall protection; gloves for protection against accidents; circular slide rules; lighting ballasts; asbestos screens for firefighters; personal stereos; protection devices for personal use against accidents; selfie sticks [hand-held monopods]; lenses for astrophotography; apparatus and instruments for astronomy; distance recording apparatus; branch boxes [electricity]; hemline markers; audiovisual teaching apparatus; step-up transformers; altimeters; ear pads for headphones; headphones; steering apparatus, automatic, for vehicles; in-car telephone handset cradles; scanners [apparatus] for performing automotive diagnostics; electric wire harnesses for automobiles; crash test dummies; parking meters; autonomous navigation systems for ships; incubators for bacteria culture; balancing apparatus; voting machines; wireless speaker microphones; cordless telephones; coaxial cables; gasoline gauges; betatrons; ticket printers; biometric passports; biometric locks; biometric identity cards; electronic access control systems for interlocking doors; flashlights [photography]; flashing lights [luminous signals]; flash-bulbs [photography]; flash lamps for smartphones; plotters; processors [central processing units]; cyclotrons; carpenters' rules; spectacles for correcting colour vision deficiency; slide projectors; dictating machines; dynamometers; satellites for scientific purposes; disk drives for computers; juke boxes for computers; intercommunication apparatus; peepholes [magnifying lenses] for doors; DVD players; reflective articles for wear, for the prevention of accidents; wearable speakers; wearable computers; wearable video display monitors; smoke detectors; drainers for use in photography; drying racks [photography]; effects pedals for guitars; screens [photography]; screens for photoengraving; films, exposed; x-ray films, exposed;

electrified rails for mounting spot lights; electrical adapters; light dimmers [regulators], electric; electric door bells; electric and electronic effects units for musical instruments; electric apparatus for commutation; theft prevention installations, electric; charging stations for electric vehicles; batteries, electric, for vehicles; locks, electric; electrified fences; electrodynamic apparatus for the remote control of railway points; electro-dynamic apparatus for the remote control of signals; ticket dispensing terminals, electronic; electronic collars to train animals; electronic pocket translators; electronic sheet music, downloadable; electronic key fobs being remote control apparatus; batteries for electronic cigarettes; chargers for electronic cigarettes; transmitters of electronic signals; electronic interactive whiteboards; vacuum tubes [radio]; padlocks, electronic; electronic tags for goods; electronic agendas; covers for electric outlets; ergometers; evacuation chairs; facsimile machines; darkrooms [photography]; darkroom lamps [photography]; glazing apparatus for photographic prints; drying apparatus for photographic prints; centering apparatus for photographic transparencies; apparatus to check franking; fire pumps; fire blankets; fire hose nozzles; fire escapes; fire engines; fire boats; fire hose; fire alarms; fire beaters; resuscitation mannequins [teaching apparatus]; rearview cameras for vehicles; galvanic cells; galvanic batteries; galvanometers; head cleaning tapes [recording]; electric installations for the remote control of industrial operations; boiler control instruments; loudspeakers; horns for loudspeakers; cabinets for loudspeakers; speaking tubes; sound reproduction apparatus; wah-wah pedals; audio mixers; sound transmitting apparatus; audio interfaces; acoustic alarms; phonograph records; cleaning apparatus for phonograph records; life saving apparatus and equipment; life belts; life-saving capsules for natural disasters; life jackets; life-saving rafts; life buoys; lifeboats; railway traffic safety appliances; needles for surveying compasses; fire extinguishers; contact lenses; containers for contact lenses; contact lens cases incorporating ultrasonic cleaning functions; global positioning system [GPS] apparatus; slope indicators; speed indicators; speed measuring apparatus [photography]; record players; needles for record players; sounding apparatus and machines; sounding lines; sounding leads; mercury levels; haptic suits, other than for medical purposes; heliographic apparatus; sonars; holographic projection apparatus; holograms; integrated circuit cards [smart cards]; inverters [electricity]; copper wire, insulated; appliances for measuring the thickness of leather; survival blankets; smart speakers; smartwatches; smartphones; smart rings; connected bracelets [measuring instruments]; covers for smartphones; cases for smartphones; cases for smartphones incorporating a keyboard; protective films adapted for smartphones; gimbals for smartphones; switchboxes [electricity]; tape recorders; telecommunication apparatus in the form of jewellery; marine depth finders; marine compasses; naval signalling apparatus; cassette players; cash registers; knee-pads for workers; egg-candlers; spark-guards; apparatus for editing

cinematographic film; cinematographic film, exposed; cinematographic cameras; encoded key cards; encoded identification bracelets, magnetic; encoded magnetic cards; head-up display apparatus for vehicles; compact discs [audio-video]; microprocessors; mobile telephones; holders adapted for mobile telephones and smartphones; straps for mobile telephones; screen protectors for mobile telephones; lanyards for mobile telephones; chargers for mobile telephones; modems; resuscitation training simulators; teaching apparatus; point-ofsale [POS] terminals; juke boxes, musical; coin-operated mechanisms for television sets; coin-operated mechanisms; musical instrument digital interface controllers being audio interfaces; sunglasses for pets; ear plugs for divers; nose clips for divers and swimmers; divers' masks; diving suits; gloves for divers; weight belts for divers; nautical apparatus and instruments; navigational instruments; satellite navigational apparatus; rescue flares, non-explosive and non-pyrotechnic; carriers for dark plates [photography]; neon signs; toner cartridges, unfilled, for printers and photocopiers; ink cartridges, unfilled, for printers and photocopiers; hand-held electronic dictionaries; portable speakers; portable media players; walkie-talkies; verniers; telerupters; earpieces for remote communication; remote control apparatus; mileage recorders for vehicles; eyewear; counterfeit coin detectors; satellite finder meters; electronic publications, downloadable; downloadable graphics for mobile telephones; downloadable emoticons for mobile telephones; downloadable cryptographic keys for receiving and spending crypto assets; downloadable ring tones for mobile phones; downloadable digital music files authenticated by non-fungible tokens [NFTs]; downloadable digital image files authenticated by non-fungible tokens [NFTs]; downloadable virtual clothing; downloadable e-wallets; downloadable music files; downloadable image files; food analysis apparatus; mouse [computer peripheral]; mouse pads; pince-nez; punched card machines for offices; automated teller machines [atm]; money counting and sorting machines; pyrometers; gloves for protection against x-rays for industrial purposes; finger sizers; washing trays [photography]; thin film speakers; film cutting apparatus; breathing apparatus for underwater swimming; radio pagers; security tokens [encryption devices]; baby monitors; dashboard mats adapted for holding mobile telephones and smartphones; sprinkler systems for fire protection; body harnesses for support when lifting loads; magic lanterns; decorative magnets; semi-conductors; wafers for integrated circuits; radar apparatus; masts for wireless aerials; radios; transmitting sets [telecommunication]; radiological apparatus for industrial purposes; radiology screens for industrial purposes; radiotelephony sets; radiotelegraphy sets; riding helmets; missile warning systems; wheel alignment meters; t-squares for measuring; rheostats; wrist rests for use with computers; spools [photography]; trackballs [computer peripherals]; fog signals, non-explosive; safety restraints, other than for vehicle seats and sports equipment; nets for protection against

accidents; sunglasses; solar batteries; solar panels for the production of electricity; self-checkout terminals; stage lighting regulators; sextants; amplifiers for servomotor; controllers for servo motors; animal signalling rattles for directing livestock; signalling buoys; signal bells; signalling whistles; signal lanterns; anti-theft warning apparatus; sirens; dressmakers' measures; thread counters; transmitters [telecommunication]; frames for photographic transparencies; transparencies [photography]; counters; digital signs; electronic book readers; digital photo frames; digital weather stations; abacuses; slide-rules; bells [warning devices]; push buttons for bells; slide calipers; egg timers [sandglasses]; printed circuits; printed circuit boards; cases especially made for photographic apparatus and instruments; spirit levels; sports whistles; mouth guards for sports; head guards for sports; screw-tapping gauges; current rectifiers; amplifying tubes; amplifiers; foldable smartphones; plumb lines; plumb bobs; scales with body mass analysers; weights; invoicing machines; tachometers; taximeters; densimeters; answering machines; telephone apparatus; telephone wires; telephone transmitters; telephone receivers; telegraphs [apparatus]; telegraph wires; teleprinters; television apparatus; teleprompters; dry suits; thermostats for vehicles; transformers [electricity]; vehicle breakdown warning triangles; speed checking apparatus for vehicles; navigation apparatus for vehicles [on-board computers]; automatic indicators of low pressure in vehicle tyres; vehicle radios; parking sensors for vehicles; simulators for the steering and control of vehicles; fire extinguishing apparatus; fire-extinguishing balls; shutters [photography]; shutter releases [photography]; videotapes; video recorders; video mixing desks; video projectors; vacuum gauges; wet suits; water level indicators; rods for water diviners; starter cables for motors; variometers; mirrors for inspecting work; camcorders; video cassettes; video baby monitors; video telephones; internal cooling fans for computers; equalizers [audio apparatus]; devices for the projection of virtual keyboards; bathroom scales; anemometers; wind socks for indicating wind direction; sounding rockets; buzzers; tone arms for record players; apparatus for changing record player needles; speed regulators for record players; whistle alarms; voltage regulators for vehicles; dog whistles; traffic-light apparatus [signalling devices]; blueprint apparatus; reflective safety vests; beacons, luminous; road signs, luminous or mechanical; signalling panels, luminous or mechanical; signals, luminous or mechanical; safety signals [luminous]; warning signs [luminous]; signs, luminous; lightning conductors; subwoofers; mechanisms for counter-operated apparatus; ring holders for mobile telephones; ring stands for mobile telephones; selfie ring lights for smartphones; ring sizers; pedometers; marking gauges [joinery]; marking buoys; lasers for transmitting information; wireless communication devices using a laser to transmit information; lasers; satellites; the aforementioned goods are not related to gambling and in particular games of money, chance, luck and knowledge; none of the aforesaid goods in connection with video

games or virtual reality games; all of the aforesaid in relation to telecommunication systems for aerospace, defence and governmental applications; none of the aforementioned being for use with, or relating to, robots with artificial intelligence; none of the aforementioned goods include or refer to telescopic sights and optical aiming devices, and their components and accessories; none of the aforementioned goods for laboratory use; none of the aforementioned being laboratory instruments and apparatus, in particular not laboratory automation instruments.

Services **(Nice class & Statement)**

38	(1) Paging services [radio, telephone or other means of electronic communication]; voice mail services; wireless broadcasting; transmission of electronic mail; electronic bulletin board services [telecommunications services]; rental of facsimile apparatus; facsimile transmission; geolocation services [telecommunications services]; information about telecommunication; providing internet chatrooms; rental of smartphones; cable television broadcasting; communications by cellular phones; rental of modems; providing user access to global computer networks; news agency services; teleconferencing services; satellite transmission; providing chatrooms in virtual environments; message sending; rental of message sending apparatus; providing access to blockchain networks; providing access to databases; rental of access time to global computer networks; radio communications; radio broadcasting; communications by computer terminals; communications by fibre optic networks; transmission of greeting cards online; telephone services; communications by telephone; rental of telephones; telegraph services; communications by telegrams; transmission of telegrams; providing telecommunication channels for teleshopping services; rental of telecommunication equipment; telecommunications routing and junction services; providing telecommunications connections to a global computer network; telex services; television broadcasting; providing online forums; transmission of podcasts; videoconferencing services; video-on-demand transmission; the aforementioned services are not related to gambling and in particular games of money, chance, luck and knowledge; all of the aforesaid in relation to telecommunication systems for aerospace, defence and governmental applications; none of the aforementioned being for use with, or relating to, robots with artificial intelligence.
