Vienna information (Code & Description)

1.1.1	Stars
A 1.1.2	One star
A 1.1.10	Stars with more than four points
26.1.1	Circles
A 26.1.3	One circle or ellipse
A 26.1.24	Circles or ellipses with dark surfaces or parts of surfaces
26.5.1	One polygon
A 26.5.13	Polygons containing representations of heavenly bodies or natural phenomena
A 26.5.24	Polygons with dark surfaces or parts of surfaces

Goods (Nice class & Statement)

7	(1) Electric soldering machines and parts and accessories therefor; electric soldering irons and parts and accessories therefor; electric desoldering machines and parts and accessories therefor; tweezer-type electric desoldering machines, and parts and accessories therefor, for removing soldered electrical and electronic components; hot air electric desoldering machines for removing soldered electrical and electronic components, and parts and accessories therefor; temperature controllers of electric soldering and desoldering machines; iron holder for electric soldering machines; iron holder for electric desoldering machines; electric solder wire feeders for soldering machines; iron tip cleaners for electric soldering iron; electric preheaters for printed circuit boards; electric solder pots; electrically heated wire strippers; electric vacuum pickup tools to pick up electronic components for industrial purposes; industrial robots for the metalworking industry; industrial robots for soldering and desoldering; protective safety enclosures of industrial robots for soldering and desoldering
9	(2) Thermometers for soldering and desoldering machines; temperature, leak voltage, and tip-to-ground resistance measuring devices for electric soldering irons; temperature probes, not for medical purposes; temperature sensors; flowmeters; heat regulators for electric soldering machines; protective electrostatic discharge [ESD] grounding wrist straps; continuity testers; protective electrostatic discharge [ESD] testers; protective electrostatic discharge [ESD] footwear testers; pre-recorded CD-ROMs featuring training videos, instructional materials for the operation and maintenance of soldering and desoldering machines, and downloadable computer software for controlling and monitoring soldering and desoldering machines; computer operating recorded programs; computer software for controlling and managing soldering and desoldering machines; computer software for monitoring soldering and desoldering machines; computer software for obtaining and saving log of soldering and desoldering machines; computer software for controlling automated soldering robots; smartphone

11

software for controlling and managing soldering and desoldering machines; downloadable computer software applications for smartphones for linking, monitoring and managing thermometers and soldering and desoldering machines, and for recording, tracking and associating machine usage information, temperature measurements, operating times and user identification information with particular thermometers and soldering and desoldering machines; software for managing protective electrostatic discharge [ESD] testers
(3) Soldering fume and smoke extractors for industrial use; industrial air purifiers; filters for air purifiers; heat guns; heating elements; nitrogen generators for industrial purposes
