## Rubriques d'index

CYROLITE

### Produits (Classe de Nice & Énoncé(s))

- 1 (1) Chemical additives for use in the manufacture of medicines; chemical additives for use in the manufacture of pharmaceuticals; chemical additives for use in the manufacture of medical acrylic and methacrylic products, namely, acrylic monomer, acrylic polymer powder; chemical additives for use in the manufacture of methacrylic products, namely, methacrylic acid products, methacrylic acid ester products; chemical preparations for use in the manufacture of cosmetics; chemical additives for use in the manufacture of cosmetics; unprocessed artificial resins; unprocessed plastics; unprocessed artificial acrylic and methacrylic resins in the form of powders, granulates, solutions, emulsions, dispersions and pastes, in particular for use as auxiliaries for producing pharmaceutical preparations; biodegradable acrylic and methacrylic polymers for the manufacture of medical and pharmaceutical preparations; biodegradable acrylic and methacrylic polymers for the manufacture of medical devices and devices for diagnostic purposes; acrylic and methacrylic polymers for the manufacture of medical and pharmaceutical preparations; biodegradable acrylic and methacrylic polymers for the manufacture of medical devices and devices for diagnostic purposes; polymethyl methacrylate resins, unprocessed; manures; fire extinguishing compositions; tempering and soldering preparations; chemical substances for preserving foodstuffs; adhesives for use in the manufacture of bandages; adhesives for use in the manufacture of surgical bandages; synthetic resin adhesives for medical purposes; adhesives for the building industry; adhesives for use in the automobile industry; adhesives for use in the construction industry; adhesives for use in the consumer packaging industry; adhesives for use in the furniture industry; adhesives for use in the textile industry.
- 5 (2) Pharmaceutical and veterinary preparations, namely, antibacterial pharmaceuticals, namely, antibacterial hand lotions and antifungal creams for medical use, antidiabetic pharmaceuticals, pharmaceutical astringent, dermatological pharmaceuticals, namely, topical pharmaceutical creams for the treatment of eczema and anti-itch ointments, dermatological preparations namely medicated cream to treat warts, dermatological preparations for the treatment of fungal infections, yeast infections, and parasitic skin infections, exfoliating gels, medicated, medicated creams for hydrating the skin, medicated lotions for sunburn, medicated protective and moisturizing creams and ointments for sunburns, topical first aid gels, and topical gel for treatment of scars, pharmaceutical appetite suppressants, pharmaceuticals

for the treatment of infectious diseases, namely, urinary tract infections, respiratory infections, eye infections, topical infections; medical and veterinary preparations, namely, amino acid preparations for medical purposes, antibiotics for veterinary purposes, antiseptic solutions for medical purposes, bath salts for medical purposes, bovine colostrum for veterinary purposes, CBD oil for medical purposes, children's vitamins, laxatives for veterinary purposes, mineral supplements, and pet vitamins; adjuvants for use with vaccines; vaccine adjuvants; drug delivery agents in the form of coatings, lacquers and glazes for pharmaceuticals that facilitate the delivery of a wide range of pharmaceuticals, veterinary and dietetic preparations; esters for pharmaceutical purposes; diagnostic reagents and agents for medical diagnostic use; analgesic chewing gum; antibacterial chewing gum; breath-freshening chewing gum for medicinal purposes; drug delivery agents in the form of compressed gum that facilitate the delivery of pharmaceutical preparations; drug delivery agents in the form of extruded gum that facilitate the delivery of pharmaceutical preparations; gamboge for medical purposes; chemico-pharmaceutical preparations; surgical tissues; capsules for medicines; sanitary preparations for medical purposes, namely, all purpose disinfectants, all purpose sanitizers, disinfectants for medical instruments, disposable baby diapers, disposable baby swim pants, disposable training pants, disposable adult incontinence pants and pads, disposable feminine sanitary pads all the foregoing for medical purposes, dressings, medical, hydrogen peroxide for medical purposes, sanitizer gel and disinfecting wipes and hand cream used for germ prevention for medical purposes; dietetic food and substances adapted for medical or veterinary use; dietetic substances for medical purposes; food for babies; plasters, materials for dressings; material for stopping teeth, dental wax; all purpose disinfectants; contact lens disinfectants; disinfectant soaps; disinfectants for household use; disinfectants for medical instruments; preparations for destroying vermin; fungicides, herbicides.

(3) Surgical instruments for medical, dental and veterinary use; surgical, medical, dental and veterinary apparatus and instruments, namely, ear straps, filters, and inner covers for respiratory masks for medical purposes, and water filtering units for medical use, blood filter housings, intravenous administration sets, intravenous catheters, intravenous drips, intravenous feeding bottles, intravenous feeding tubes, intravenous poles, drip chambers, medical fluid connectors, needleless connectors, Y shaped three-way fluid connector sets, needle hubs, check valves, luer connectors, lab and pediatric filters, namely, air filters for medical ventilators, blood filters, filters for blood and blood components, filters for respiratory masks for medical purposes, nasal filters for medical purposes, and water filtering units for medical use, intraocular lenses, guard clips, namely, sanitary face shields for protection against viruses and germs for personal use, luer lock needles for medical purposes, luer tapers for medical purposes, tube connectors, intravenous catheter hubs; general examination medical instruments and veterinary

10

instruments; apparatus for use in medical analysis, namely, analysers for bacterial identification for medical purposes, blood analytes concentration measuring apparatus, body composition analyzers for medical purposes, body fluids analyzer for medical purposes, medical device for analysing and measuring muscle pain, skin moisture analyzers for medical purposes; appliances for washing body cavities; diagnostic micro test plates for medical use; diagnostic pregnancy test apparatus to detect hormone levels and ovulation stages; dynamometers for diagnostic muscle strength testing; eye misalignment diagnostic apparatus for medical purposes; finger cots for diagnostic purposes; fingerstalls for diagnostic purposes; flow cytometers for medical diagnostic uses; high density lipoprotein cholesterol testing apparatus for medical diagnostic purposes; magnetic resonance imaging (MRI) diagnostic apparatus; medical diagnostic apparatus for detecting biomarkers in eye fluid; probes for medical purposes, namely, cardiac probes, microsensor probes for medical purposes, periodontal probes, straight probes, surgical probes, urethral probes, uterine probes; x-ray apparatus for medical purposes; protection devices against X-rays, for medical purposes, dialysers, apparatus for artificial respiration, inhalers for medical purposes, syringes for injections, drainage tubes for medical purposes; medical infusion pumps and valves for medical purposes; feeding bottles; elastic bandages; artificial limbs and artificial implants, namely, prosthetic limbs, intraocular prosthetic lenses for surgical implantation, artificial breasts, artificial jaws, artificial joints, artificial respiration apparatus, artificial skin for surgical purposes, artificial teeth, dental implants made of artificial materials, ocular implants; stents, syringes for medical purposes; catheters; cannulae; acupuncture needles; suture needles; artificial limbs, eyes and teeth; medical guidewires; orthopedic articles, namely, breast pads, belts, vests and fastening straps for people in wheelchairs, beds and other furniture for resting, pads for preventing bedsores, abdominal belts, limb immobilizers, orthopedic bandages for joints; suture materials; covers and sleeves, namely, insulating and protective covers and sleeves for medical devices.

17

(4) Hard rubber; foam rubber; door stops of rubber; cushioning materials of rubber; ethylene propylene rubber; bottle stoppers of rubber; bags of rubber for packaging; natural rubber; plugs of rubber for sinks or showers; raw rubber; rubber pipes; gutta-percha; raw gum; semi-worked gum; unprocessed gum; asbestos; mica; unprocessed and semi-processed materials, namely, polyester sheets for use in the manufacture of labels, mineral wool for insulation, semi-processed plastics, elastomers for bonding to articles used for shotblasting, elastomers for bonding to articles used for shot-peening, thermoplastic elastomer resins in pellet form for use in manufacture, cellulose acetate, semi-processed acrylic resins, semi-processed natural resins, semi-processed synthetic resins, semi-processed thermoplastic polymer resins, semi-worked polymer resins in the form of fibres, thermoplastic resins reinforced with natural fibers, resins in bars, blocks,

pellets, rods, sheets and tubes for general industrial use; plastics and artificial resins being semi-finished products in the form of sheets, acoustical insulation barrier panels, fire-resistant insulated panels, semi-finished plastic sheet materials for use in lighting panels, carbon fibre reinforced plastic profiles, synthetic rubber profiles, blocks, rods and tubes, acrylic resins for use in manufacture; finished or semi-finished products, namely, moulding compounds of rubber for use in the field of manufacturing medical devices and diagnostic applications, shock-absorbing buffers of rubber; vibration damping materials of rubber; covers and sleeves, namely, insulating and protective covers and sleeves for machinery and industrial machinery; rubber covers and sleeves for insulating protective purposes; joint packings; fittings, not of metal, for compressed air lines; fittings, not of metal, for rigid pipes; pipe fittings comprised primarily of plastic; plastic pipe fittings for waste pipes; seals for pipe connections; spacers of rubber used to properly align industrial pipes and pipelines; spacers of plastic used to properly align industrial pipes and pipelines; rubber rings as pipe spacers; foils of metal and semi-processed synthetic resins for building insulation, namely, for insulating buildings against moisture; adhesive tapes, strips and films, namely, adhesive packaging tapes, draft excluder strips, draught excluder strips, foam strips for making foam toys, adhesive strips for placement on furniture, anti-dazzle films for windows, anti-glare films for windows, filtering materials of semi-processed films of plastic, mulching film, plastic films for electrical insulation, plastic films for use in manufacture, polymer films for use in manufacture of circuit boards, window masking films; clutch linings; tyre restoration and repair materials, namely, rubber material for recapping tyres; adhesive packaging tapes; carpet seam tape; duct tape; drywall joining tape; construction adhesive tape; gaffer tape; insulating tape; pipe joint tape; waterproofing adhesive sealant tape; foam for flower arrangements; window masking films; bands and strips made of glass fiber for insulating purposes; pouches of rubber for packaging; protective rubber articles, namely, bags of rubber for packaging, padding materials of rubber, rings of rubber for use as pipe connection seals, rubber based sealants, rubber bumpers for pool ladders, rubber door stops, rubber materials for recapping tires, rubber sheets for insulating purposes, stuffing of rubber, vibration damping materials of rubber; asbestos safety screens; handles and stands of rubber, namely, rubber door handles, rubber handle grips, rubber stands for chairs; threads of plastic for soldering; plastic hole plugs; packing, stopping and insulating materials; joint packings; caulking materials and fillers; insulating, damping and barrier materials; packing, stopping and insulating materials of plastic; flexible pipes, not of metal, flexible lines, tubes, pipes and connection pieces, namely, valves for agricultural purposes; flexible pipes, not of metal, flexible lines, tubes, pipes and connection pieces, namely, valves for use in gardens; flexible pipes, not of metal, flexible lines, tubes, pipes and connection pieces, namely, valves for use with swimming

pools; flexible pipes, not of metal, flexible lines, tubes, pipes and connection pieces, namely, valves for plumbing purposes.

### Revendication(s)

Used in CANADA since at least as early as January 14, 2013 on goods (1)

Proposed Use in CANADA on goods (2), (3), (4)

### Inscriptions (aussi connu sous « Note de bas de page »)

#### CHANGE IN TITLE / CHANGEMENT EN TITRE:

TYPE OF CHANGE / GENRE DE CHANGEMENT: Name and Address / Nom et adresse

DATE REGISTERED / DATE DE L'ENREGISTREMENT: 2022-04-28

DATE OF CHANGE / DATE DE CHANGEMENT: 2019-08-01

COMMENTS / COMMENTAIRES: FROM/DE: Evonik Cyro LLC

TO/A: Roehm America LLC
