**Produits (Classe de Nice & Énoncé(s))**

- 7 (1) Construction equipment including but not limited to articulated dump trucks, excavators, compact excavators and wheel loaders and associated spare parts. Material handling equipment including but not limited to forklifts, lift trucks, container handlers, container reachstackers, tow trucks, pallet trucks, end rider trucks and stackers and associated spare parts and accessories. Crane and utility equipment including but not limited to aerial work platforms, articulated boom lifts, auger drills, backyard aerial devices, cranes, digger derricks, crawlers, haulers and material lifts and associated spare parts and accessories. Mining and oil sands equipment including but not limited to loaders, shovels, remixer and agitator trucks, gas turbine inlet air filters, haul trucks, scissor-lift trucks, boom trucks and excavators and associated spare parts and accessories. On-highway power including but not limited to engines and transmissions and associated spare parts and accessories. Off-highway power including but not limited to engines and transmissions and associated spare parts and accessories. Forestry equipment including but not limited to wheel skidders, cable skidders, clambunk skidders, disc chippers, feller bunchers, drum chippers, felling heads, flails, foresters, forwarders, grinders, log loaders, skidders and track harvesters and associated spare parts and accessories
- 7 (2) Industrial products including but not limited to bearings including, ball, taper, linear, roller, spherical, bearing housings and bearing diagnostic tools; power transmission, including, motors, clutches, brakes, gears, reducers, belts, chain, sprockets, sheaves, bushings, couplings; seals, adhesives, hose and lubricants including gaskets, O-rings, seals, hose reels, expansion joints, adhesives, lubricants; material handling, including, feeders, vibrators, lubrication systems, conveyor belting and components: idlers, rolls, take-ups, pulleys, belt cleaners, screw conveyors, conveyor chain, pneumatic conveyors, gate valves, airlocks, dust suppression, magnetic separation; hydraulics including hydraulic power units, pumps, valves, actuators, instrumentation control and accessories including heat exchangers, filtration, temperature and level sensors, control systems; pneumatics including cylinders, fitting and tubing, valves, filters/regulators/lubricators/dryers; filtration including air, gas and liquid filter cartridges and housings, automatic strainers, oil mist filters; instrumentation including flow, temperature, pressure, level and analytical sensors, switches and transmitters, calibration and testing devices, process control devices; fluid handling including pumps for all industrial applications including process, dewatering,

metering, API, slurry, chemical, pump types including: centrifugal, air-operated double-diaphragm (AODD), progressive cavity, magnetic drives, vertical turbine, self priming, gear, liquid/solid separation/conditioning equipment including hydrocyclones, and grinders; safety and mill supplies including personal protective equipment including head, eye, face, hearing, respiratory, hand, foot, and protective clothing, first aid, environmental protection, fall arrest and personal hygiene products, shop supplies and industrial housekeeping products; sealing, belting, chemicals and hose; spare parts and accessories associated with industrial products; power generation solutions including but not limited to generator sets, power generators and engines and associated spare parts and accessories.

7 (3) Electrical rotating equipment including but not limited to electric motors, gearboxes pumps and fans; rotor poles, connection bars and, including but not limited to, other electrical components.

10 (4) Storage equipment including but not limited to cages and partitions, guarding and barriers, lockers, cabinets and workstations, racking and racking protection, shelving, storage platforms and associated spare parts and accessories.

#### **Services (Classe de Nice & Énoncé(s))**

35 (1) Sale, distribution, servicing, repair and maintenance of construction equipment, material handling equipment, storage equipment, industrial products, power generation solutions, crane and utility equipment, forestry equipment, mining and oil sands equipment, on-highway power, off-highway power, connection bars and other electrical components and associated spare parts and accessories for all of the foregoing. Marketing services in the field of the sale, distribution, servicing, repair and maintenance of construction equipment, material handling equipment, storage equipment, industrial products, power generation solutions, crane and utility equipment, forestry equipment, mining and oil sands equipment, on-highway power, off-highway power, connection bars and other electrical components and associated spare parts and accessories for all of the foregoing. Distribution of components for hydraulic, motion control, pneumatic, electronic, electro-hydraulic and robotic power systems for industrial applications; the design, fabrication and installation of integrated power and control systems for industrial applications; after sales service and maintenance of components, power and control systems for industrial applications; distribution of machine parts, bearings, power transmission parts; Distribution of components for hydraulic, motion control, pneumatic, electronic, electro-hydraulic and robotic power systems for industrial applications; the design, fabrication and installation of integrated power and control systems for industrial applications; after sales service and maintenance of components, power and control systems for industrial applications; distribution of machine parts, bearings, power transmission parts.

- 35 (2) Sale, distribution, servicing, repair and maintenance of electrical rotating equipment, rotor poles, connection bars and other electrical components and associated spare parts and accessories for all the foregoing; Marketing services in the field of the sale, distribution, servicing, repair and maintenance of electrical rotating equipment, rotor poles, connection bars and other electrical components and associated spare parts and accessories for all the foregoing.
- 36 (3) Equipment financing, credit approval and lease financing services; arranging for credit and/or loan insurance. Marketing services in the field of equipment financing, credit approval and lease financing services; arranging for credit and/or loan insurance.
- 37 (4) Servicing and overhaul of electrical apparatuses including but not limited to electric motors and generators. Engineering and repair services including, pillow block design, gearbox, bearing and pulley failure analysis (including Finite Element Analysis) and repair, hydraulic cylinder repair, general fabrication shop repairs (welding, assembly, balancing, metal coating, painting), electric motor/transformer/clutch evaluation, rewind and rebuilding services, pump failure analysis and rebuilds, hydraulic power unit, filtration, and process pump skid design and fabrication, CAD drawing and 3D modeling, on-site asset management services. Commissioning of construction equipment, material handling equipment, storage equipment, industrial products, power generation solutions, crane and utility equipment, forestry equipment, mining and oil sands equipment, on-highway power and off-highway power and associated spare parts and accessories .
- 37 (5) Leasing and rental of construction equipment, material handling equipment, storage equipment, industrial products, power generation solutions, crane and utility equipment, forestry equipment, mining and oil sands equipment, on-highway power and off-highway power and associated spare parts and accessories. Marketing services in the field of leasing and rental of construction equipment, material handling equipment, storage equipment, industrial products, power generation solutions, crane and utility equipment, forestry equipment, mining and oil sands equipment, on-highway power and off-highway power and associated spare parts and accessories.
- 42 (6) Custom design and engineering services in the field of hydraulic, motion control, pneumatic, electronic, electro-hydraulic and robotic power systems for industrial application.

#### **Revendication(s)**

Used in CANADA since at least as early as 1973 on goods (1) and on services (1)

Used in CANADA since at least as early as 1999 on goods (4), (2) and on services (3),(5)

Used in CANADA since at least as early as 2000 on services (6),(4)

Proposed Use in CANADA on goods (3) and on services (2)
