**Rubriques d'index**

ULTIMAKER  
ULTI MAKER

**Produits (Classe de Nice & Énoncé(s))**

- 7 (1) Machines, namely 3D printing machines, 3D printers; parts for 3D printing machines and 3D printers; motors and engines used in industrial applications; machine couplings and transmission components; bearings being parts of machines; machine pulleys; laser cutting machines for inscribing, cutting, engraving and marking metal, acrylic, wood, paper, metal, plastic, glass, leather and stone.
- 9 (2) Downloadable computer software for operating three dimensional printers; computers; electromechanical device that employs an additive manufacturing process to create physical parts for models or prototypes; 3D scanners; dosage dispensers; printed circuit boards (for electronic equipment); integrated circuits; holograms; heat regulators; lasers for additive manufacturing; scanners for transmission of data, namely computer scanners and optical scanners; temperature measurement apparatus, namely temperature indicators and temperature sensors; weight measurement instruments, namely, laboratory scales and balances; computers for transmission of 3D drawings to physical objects; printers for computers.
- 17 (3) Plastics in extruded form for use in manufacture (semi-finished products); threads of (plastic) materials, not for textile use; plastics in extruded form for use in 3D printers; synthetic resins (semi-processed) for 3D printers.

**Services (Classe de Nice & Énoncé(s))**

- 37 (1) Repair services in the field of 3D printing equipment; installation services in the field of 3D printing equipment; maintenance of 3D printing equipment; installation, maintenance and repair of three dimensional printers and accessories.
- 42 (2) Scientific and technological services in the field of 3D printing and research and design relating thereto; industrial analysis and research services in the field of 3D printing; design and development of computer hardware and software; computer programming; design and development of computer software; computer software consulting; updating of computer software; design and development of computer systems; construction design services in the field of 3D printing; computer hardware consulting services; conversion of data or documents from physical to electronic media; conversion of data and computer programs in the field of 3D printing; design services in the field of 3D printing; graphic art and design services; industrial design services; testing of materials in the field of 3D printing; research in the field of applied
