

I am an Anglophone with some knowledge of French. I watch/listen to mostly English programming. I do watch some French t.v. and some APTN. My concern is the lack of support for Indigenous/Aboriginal/ First Nations broadcasting.

I would like to see the same level of funding for Indigenous/Aboriginal/ First Nations broadcasting as is provided for English and French broadcasting.

I would like to see all references in the Broadcasting Act to limitations of support for Indigenous/Aboriginal/ First Nations broadcasting removed.
