Comments:

My comments refer to Broadcasting and community access TV in particular.

I would like to see more legislation regarding carriage of community TV channels in major centres where they were shut down. We can watch local music and arts shows from Detroit PBS, for example, but we can't see local music and arts shows made in Calgary, Edmonton or Vancouver. More local culture needs to be broadcast in these cities.

Saskatchewan still has an educational TV channel but Alberta does not. Is this fair to the viewing audience in Alberta?

Current legislation seems to be all over the map.
