Dear Mr. Clinton:

I refer to our letter to you of July 5, 2001, outlining the conditions set forth for the extension of the interim MaxLink LMCS operating authority to August 15, 2001.

As you are aware, the extension of the interim operating authority was to provide an opportunity for the applicant requesting the transfer of the MaxLink LMCS licences and authorisations to submit a revised application and to submit the outstanding licence fees for those licences by August 15, 2001. The Department noted in its letter that failure to provide both of the requested items would result in the revocation of the MaxLink authorizations.

As the required fees have not been paid (either by Ernst & Young or by the applicant), I am revoking, effective this day, the licenses and the associated five year authorization(s) issued to MaxLink Communications Inc., 3617181 Canada Limited and Regional Vision Inc. under section 5(2)(c) of the Radiocommunication Act.

Sincerely,

Jan Skora
